CHAMPION SPELLERS. Roxie Wright, center, holds two trophies she received Thursday after winning the Wellsville spelling championship, for the second straight year. She is flanked by Ellen Rodgers, who was second, and Wilbur Waggoner, who finished in third place. All three are sixth-graders at Garfield School.

Girl Wins Bee Second Time At Wellsville

2 Others Spell Way To County Finals At Lisbon On April 7

For the second consecutive year, Roxie Wright, a sixth-grader at Garfield School, captured the Wellsville spelling championship Thursday afternoon and earned the right to compete in the countywide spell-down April 7 at Lisbon.

The daughter of Mr. and Mrs. Harold Wright, 2011 Clark Ave., Miss Wright will be joined by two other Garfield sixth-graders in the county bee.

Ellen Rodgers, daughter of Mr. and Mrs. Harry Rodgers, 452 14th St., and Wilbur Waggoner, son of Mr. and Mrs. Wilbur Waggoner of 18th St. Heights, finished second and third, respectively, in the bee yesterday afternoon at MacDonald School.

Miss Margaret Frischkorn, Garfield principal, presented trophies to the three winners, with Miss Wright receiving two for the city and school titles.

Trophies also were presented the other building winners — Joe Scarbino of MacDonald, Suzanne

8 Die In Fire; Arson Likely, Probers Hint

CLEVELAND (AP) — The Fire Prevention Bureau was investigating the possibility an arsonist may have caused the fire in an East Side tenement that killed eight persons.

"We have questioned one man, a tenant who was under an eviction notice," said Fire Capt. Herman Behnke, head of the bureau, Thursday night. "We will question him again, and will talk to a former tenant who was evicted."

No one is being held, Behnke said.

Twenty-nine persons, members of eight families, were asleep when the blaze broke out at the foot of the stairs early Thursday. Most were trapped in their apartments.

The last bodies were pulled from the wrecked three-story brick and frame building 14 hours after the blaze flared. Four of the eight victims, all Negroes, were preschool children.

A woman who escaped said she heard an argument in a downstairs apartment of the man under eviction notice 45 minutes before the first alarm was turned in.

Firemen also said there were two other fires in the immediate neighborhood with a 90-minute period. Those circumstances attracted special attention from arson investigators.

Meanwhile, Dr. Samuel R. Gerber, Cuyahoga County coroner, started an inquiry to learn whether the tenement owner and tenants had complied with safety requirements. A 1957 report of the city building inspector called for improvements to the 50-year-old building.

The victims were Linda Carr, 5; Guy Arnold, 56, and his wife, Olive, 52; William Merriweather, 58; Mrs. Naomi Simpson, her daughter, Deborah, 2, and her sons, Tommy, 3, and James, 4.

Cedar Rapids Hit By One Of Worst Floods

CEDAR RAPIDS, Iowa (AP)—Iowa's second largest city was riding out one of its worst floods in history today in a state of tense apprehension.

At emergency headquarters at City Hall came a jittery short-wave report at midnight that the rampaging Cedar River which had struck a multi-million dollar blow at Waterloo 75 miles upstream was breaching the dike above the dam.

Fire chief Jess Hunter dispatched two rigs to the site. "It was only some seepage through the sandbags," the chief said. "The men shored up the weak spot. I guess it's easy to become alarmed."

"We had eight jeeps with radios patrolling the seawall and the dikes. They reported back all were holding."

About that hour the river had risen to about 18.50 feet, or 5 feet above flood stage. Two days ago a crest of 22.5 feet had been predicted, well over the disastrous 20 foot stage of 1929 before the flood protection works were erected.

"It now looks as if the river may not hit 20 feet," said Mayor

Woman Killed By City Truck

Car Knocked Into Path Of YELP Rig

A 59-year-old city truck driver escaped injury in a Boardman crash Thursday night in which a car was knocked into the path of his YELP rig, killing a Youngstown woman and injuring her husband and son.

Robert Martin, 1016 May St., was headed south on Route 7 in Boardman when the car, headed north but halted for a traffic signal, was struck from behind, and hurled into the path of his truck, killing Mrs. Irma Glass, 57.

Otis Glass, 52, the victim's husband and driver of the auto, and Glenn Glass, 11, their son, are in "fair" condition today at Youngstown South Side Hospital where Mrs. Glass was pronounced dead of a crushed chest.

The Glass car was rammed from behind by an auto driven by Robert Pipoly, 19, of Boardman, police said.

The accident happened at the intersection of Route 7 and Indianola Rd., about six miles south of Youngstown.

The front of Martin's truck was heavily damaged in the crash, he said, but he was unhurt.

Milder But Damp Seen For Easter Approach

The weather is turning milder with the approach of Easter but rain expected today may continue through the holiday.

The five-day forecast says there will be an average of a half to three-quarters of an inch of rain through the weekend, followed by a cooling trend.

The immediate forecast is occasional rain this afternoon, intermittent rain tonight and scattered showers Saturday. The day's high temperature will range between 45 and 50 and tonight's low will be 35 to 40, in contrast to the sub-freezing mark of the last two nights. The overnight low was 29.

Warsaw Pact Powers Beef Up Defenses

Soviet-Backed Bloc Claims West's Still Waging Arms Race

MOSCOW (AP)—The Soviet-led Warsaw Pact powers today said the West is continuing to wage an arms race and announced they are strengthening their defenses.

The eight-nation Communist military counterpart of NATO singled out West Germany as a "major hotbed of war danger" in a declaration that skimmed over strife-ridden Laos and the Congo.

While making the usual plea for "peaceful coexistence" and complete disarmament, the Communist nations announced they had "agreed on measures which they find it necessary to take in the interests of further consolidation of their defense potential and strengthening peace throughout the world."

Coming after three days of talks in the Kremlin amid the usual complete secrecy, the communiqué was surprisingly mild in tone but appeared to pinpoint Germany as the next pressure point in the East-West test of nerves.

Some Western diplomats believed the mild tone indicated Soviet Premier Khrushchev still wants to pick up coexistence relations with the Kennedy administration. While the United States was mentioned as one of the Western Big Three behind the rearming of West Germany, it was not singled out for the sort of attack that was routine in the latter days of the Eisenhower administration.

The conference communiqué mentioned Laos only as one site of what it called "bloody outrages of colonialism" in Africa, Asia and Latin America.

This was expected, since the Warsaw Pact covers only the Communist nations of Eastern Europe and Communist China and other Asian nations attend only as observers. But it was assumed that during the discussions in the Kremlin, Khrushchev outlined the Soviet reply expected this weekend to the British proposal for a cease-fire in the Indo-Chinese kingdom as the first step in neutralizing the strategic jungle buffer state.

Informed sources said the Soviets are likely to come up with a counterplan insisting that a cease-fire be worked out only after an international conference on Laos gets underway.

Motorists Reminded On New Plate Deadline

Area motorists were given a final reminder today that the green and white 1961 licenses must be used on all vehicles starting Saturday.

Four deputy registrars in the East Liverpool area have been rushed this week as motorists hurried to secure new plates before the deadline.

Deputy registrars handling the sale in this area are the Columbiana County Motor Club office in the Mary Patterson Memorial, David Beatty at Potters Construction Co. in Calcutta, Robert Owen at Owen Hardware & Supply on Mulberry St., and Mrs. Mary Rahter at Rahter Wallpaper Store on Main St., Wellsville.

Laos Truce Comes First, U.S. Asserts

Shooting Must Stop Before Conference, High Officials Say

WASHINGTON (AP) — The United States is standing firm on its condition that the shooting first must stop in Laos before any international conference can be convened to neutralize the war-ridden Southeast Asian kingdom.

High official sources made this known today and said "a good hard look" would be given any proposal by the Soviet Union to delay a cease-fire until after a 14-nation conference on Laos is called.

Secretary of State Dean Rusk was due to return at noon from his talks at New Delhi with India's Prime Minister Nehru and the Bangkok conference of foreign ministers of the eight-nation Southeast Asia Treaty Organization.

Rusk will give President Kennedy a first hand report of his talks with Nehru and the SEATO ministers over the Laos crisis.

The Laotian government reported a new outbreak of fighting Thursday but said the situation was not grave enough to warrant asking SEATO intervention.

There is speculation that New Delhi or Rangoon, the capital of neutral Burma, would be the site for the 14-nation conference if big power agreement is reached on a cease-fire.

U.S. strategists gave more than an even chance to the prospects for a political settlement of the fighting in Laos between the pro-Western royal government and the pro-Communist Pathet Lao.

But there was no solid evidence that the Soviet Union would give a clear or concise answer to Western demands for the cease-fire.

The Soviet Union had been expected to make its position known by Thursday to British overtures for a political settlement in Laos. The reply did not come.

The delay was attributed by sources here to the need of Soviet Premier Khrushchev for consultations with Communist China and North Viet Nam before making a formal reply to Britain. A British note last weekend called for a cease-fire, reactivation of the three-nation international control commission (composed of India, Poland and Canada), followed by an international conference.

Man Given 'Amnesty' Returns After 4 Hours

Harold Amos of Fairview St., released from City Jail Thursday at 4 p.m. in a general Easter weekend amnesty for prisoners decreed by Municipal Judge Samuel M. Chertoff, was back behind bars just four hours and 15 minutes later on an intoxication charge, police reported.

Before the release order was issued Wednesday afternoon, Amos had given the judge a promise he would refrain from becoming intoxicated over the Good Friday-Easter weekend. He was one of three released. Amos was serving out a fine for intoxication.

When picked up last night at 8:15, Amos was carrying a half-consumed fifth of whiskey, officers said. Amos said he purchased the bottle in Chester. Raymond (Sarge) Franklin was the other local man released yesterday afternoon.

Kennedy Waits Rusk's Report On SEATO

PALM BEACH, Fla. (AP) — President Kennedy expects a first-hand report from Secretary of State Dean Rusk today on the SEATO conference efforts to end hostilities in Communist-threatened Laos.

And the vacationing President instructed aides to notify him instantly if the Soviet Union finally comes up with a reply to British proposals for a cease-fire and a settlement formula.

Had Removed Evidence

Lt. Walker Given 30-Day Disciplinary Suspension

Lt. Thomas A. Walker was given a 30-day payless suspension from the police force today on a formal charge that he "removed certain property from the chief's office being held as evidence in a criminal case without authority."

The suspension, climax of an investigation that came to a head over the last four days, was decreed by Chief Americo J. Radeschi and concurred in by Safety-Service Director Lee Copenhagen.

THE SUSPENSION became effective at 11 this morning, a few moments after the lieutenant had been handed the formal notice by the chief and the concurring opinion of the director.

Walker signed a written waiver of his right to appeal under Civil Service law, which meant that the suspension went into effect immediately. The director's letter to the lieutenant upholding the suspension decreed by the chief said that Walker had admitted "that the charge is true."

Radeschi's suspension order said: "This is to notify you that you are suspended without pay. Said

suspension is made on the following grounds, to wit: Malfeasance, in that you removed property from the chief's office being held as evidence in a criminal case without authority."

The evidence in question was a television set which was recovered after several Warren men who were arrested for its theft from the Central Appliance store on Dresden Ave. Kept atop a cabinet in the chief's office, the set disappeared several weeks ago.

UNOFFICIAL reports said the set was found at the home of a friend of the lieutenant, to whom it was loaned because of a breakdown in the friend's own set.

The chief's order merely suspended the lieutenant, allowing the director to set the length of the suspension if he upheld the charges after conducting an investigation. Copenhagen set the suspension at 30 days in his letter upholding the chief's charges.

His letter said in part: "The inquiry, made March 31, 1961, on the charge filed, and your statement that the charge is true indicates that the charge is a proper one and should be sustained. The charge therefore is sustained."

Ohio Senate Must Okay Bill

House Cuts Vote To 55% For School Levy Approval

COLUMBUS, Ohio (AP)—If the Ohio Senate follows the lead of the House, school boards may quit sweating soon over the results of school tax levies.

The House has completed, and sent to the Senate, a bill which makes the second step in the last two years in easing the method for adoption of school levies.

Until two years ago, beleaguered school boards had been biting their collective fingernails every time a school operating levy was up for vote because of depression-era restrictions. Back in the '30s, because of pressure from taxpayers' leagues, the legislature required heavy majorities for approval of school tax levies.

In 1959, the legislature decreed that majority rule again would prevail on school levy issues—that a levy should be approved on a simple majority vote of the electors in a school district in general elections and in primary elections in even-numbered years. Those years are the presidential and gubernatorial years when most folks

bestir themselves to go to the polls.

But school people — and many legislators—believe that school financing problems can become acute in the odd-numbered years as well. So the House has approved a bill which cuts from 60 to 55 per cent the favorable vote needed by a school levy for approval in special elections and in primary elections in odd-numbered years.

Thursday was a strange day in the legislature, particularly in the Senate where the debate ranged far and wide—from community colleges to college basketball champions.

Sen. Ross Pepple, R - Allen, chairman of the Senate Education Committee, lashed out at his Cuyahoga County critics, who have attacked the abrupt death sentence his committee meted out to a bill authorizing the creation of community colleges.

Pepple asserted officials of private and church colleges in Cleveland

145 Russians Fatally Hurt In Earthslide

MOSCOW (AP)—An earthslide near Kiev killed 145 people and caused millions of dollars in damage on March 13, the Kiev newspaper Pravda of the Ukraine announced today.

Another 143 persons were hospitalized, but by Thursday 84 had been released.

It was one of the worst natural disasters reported in the history of the Soviet Union.

The slide occurred near Babilar, the tragic ground where the Nazis massacred tens of thousands of Jews and Ukrainians during World War II.

Rumors of the disaster have circulated in Moscow for the past two weeks. The report in the Kiev Pravda was the first confirmation.

Pravda of the Ukraine said workmen were trying to fill in a ravine partially filled with water, but their technique was faulty. The water washed out one side of the ravine about 8:30 a.m., sending the earth rolling down into an inhabited area and devastating about 75 acres.

Slug Of Gun Hits Frank Daniels, 26

Victim Wounded In Wrist During Scuffle At Wellsville Home

A posse of about 50 police, sheriff deputies and state highway patrolmen was combing the Yellow Creek vicinity today in search of a Wellsville man who wounded a Wellsville policeman in a scuffle early this morning in the home of the suspect's wife.

Authorities from as far away as Bridgeport and Canfield converged in the heavily-wooded areas of Yellow Creek in the hunt for Charles Tice, 25, of 2019 Danbury Ave.

He had not been captured by noon.

He apparently is armed.

Police said Tice wounded Patrolman Frank D. Daniels, 315 2nd St., in a scuffle at 2 a. m. as the patrolman lay in wait for the suspect's arrival in his home on Danbury Ave.

Police were seeking Tice in connection with his wife's charge that he was suspected of abusing her 15-year-old daughter.

Wellsville police were joined in the searching party by state highway patrolmen from Lisbon, Winterville, Canfield and Bridgeport, plus officers from the Columbiana and Jefferson County sheriff's offices.

They concentrated the search in fields and vacant buildings in the vicinity of Yellow Creek where the suspect abandoned his panel truck after fleeing the Danbury Ave. home.

Police gave this account of the shooting:

Mrs. Cleda M. Smith Tice of Danbury Ave. had asked police in Wellsville to question her husband in connection with reports that he had assaulted her teen-age daughter.

Unable to find Tice, they stationed Patrolman Daniels in the woman's home to await the truck driver for arrest. Police figured that Tice would return home to secure about \$115 in cash he had hidden in the house.

Patrolman Daniels, 26, began his "stake-out" at approximately 9 p. m. while other policemen from the department searched area highways for Tice and his late-model panel truck.

At about 1:15, Tice arrived at his home and shouted, "Frank, let me in. I don't have a gun."

Daniels, a former paratrooper, apparently opened the door slightly. Tice then reached his arm through the door and fired one shot from what was believed to be .22-caliber pistol mounted on a .38-caliber frame, with the bullet missing the patrolman.

Tice, 6-foot, 180-pounds, then shouldered his way through the door, scuffled with the patrolman and fired at least four more times. One of the bullets hit Patrolman Daniels in the wrist.

Home Of Vacationing Woman Is Burglarized

Police are continuing investigation of a burglary at the Park Blvd. home of Mrs. Robert T. Hall, who is vacationing in Florida.

Officers said they could not determine immediately if there was any loss because of the owner's absence. The entry occurred between 5 p. m. Wednesday and 8 a. m. today. It was reported by the owner's son, John T. Hall, police said.

Entrance was gained by breaking a pane of glass in a rear door, then reaching through the opening to unlatch the door, police said. The intruder then ransacked drawers and cupboards throughout the home, police said.

Apparently the intruder first forced entry into the basement via a window. After searching the basement, he apparently was unable to gain entrance to the main floor, so he went outside again and entered via the door, police said. The glass in the rear door was broken by using a pair of pruning shears stored on the back porch, police said. Patrolman W. E. McDaniel investigated.

County Farm, Home

Show Queen Real Busy

STILLWATER, N. J. (AP)—There's one beauty queen whose daily schedule would make other pert misses shudder. She is Ellen W. Westbrook, named Sussex County Queen at last year's annual County Farm and Home Show.

Ellen's day — when she's home from her studies at East Stroudsburg (Pa.) State Teachers College — goes something like this:

Up at 4:30 a. m. to make breakfast for her parents, three sisters and two brothers. Then out to the barn to help with the milking, storage of milk and cleaning of pails and machines.

After time out to feed and water her horse, it's on to her father's second farm at White Lake to bale straw. Then comes an afternoon of pitching straw with a hay fork and loading bales into a truck.

Finally, back to Stillwater to make dinner, help with the evening milking chores and dry feed and hay for the family's 50 head of cattle.

"It's a wonderful life," says 21-year-old Ellen. "You're outside and you get all the sunshine and fresh air you want and it's a good family life."

Akron Man Is Head Of Girl Scout Troop

AKRON, Ohio (AP)—To 18 young women in Akron, 43-year-old Fred B. Ressler stands as an example of a real good scout.

Ressler became head of Girl Scout Troop 287 when it appeared that the Litchfield Junior High School troop would disband for lack of adult leadership. His oldest daughter is a member of the troop, and Ressler's wife — with a brand new son — wasn't able to become troop leader immediately.

The Akron father is assisted by Mrs. Thomas E. McQuay. He admits he sometimes is kidded about his work with the troop, but adds: "As long as I can believe in myself accomplishing a purpose... knowing these girls will be better citizens... let them laugh."

Mr. And Mrs. Lines Find Lines Are Busy

SAN DIEGO, Calif. (AP)—Hook and Line — John H. Hook and G. E. Line — roomed together while here on business from Dayton, Ohio.

Line placed a call to his wife in Vandalia, Ohio, at the same time that Mrs. Line was trying to reach him.

The result: Both Lines found the lines busy.

No Wonder Car Motor Steamed—No Radiator

DERBY, Conn. (AP)—A local motorist was surprised recently when his 1956 model auto began to steam.

He got a bigger surprise when he lifted the hood. The radiator was missing — stolen while the car was parked in front of his home during the night.

land have kept a public-supported university out of the Cleveland area "in a sincere but mistaken belief that tax-supported higher education would injure their institutions."

Asked by Sen. Joseph W. Bartunek, D-Cuyahoga, whether he would support a state university in the Cleveland area, Pepple declared he believes such an institution cannot prosper in what he called the present "atmosphere."

He added, however, he believes a state university could succeed with public support after a trial period by several branches of present state universities.

The intrastate emotions over the relative merits of NCAA basketball champion University of Cincinnati and runnerup Ohio State University got a none-too-happy airing in the Senate. The argument started out in apparent good fun between the Hamilton County (Cincinnati) delegation and the delegation from Franklin County (Columbus, home of Ohio State.)

But, the free-wheeling language of the pro-Cincinnati resolution presented by the Cincinnati delegation was more than the Senate could stomach. The Senate then killed the resolution on a standing vote. A few minutes later, it adopted a milder resolution sponsored by the Franklin County group.

The Cincinnati-Ohio State basketball battle was the only one.

In statewide joy, the House adopted a House-Senate resolution declaring Ohio to be the basketball capital of the world.

The Senate completed action on a House-Senate resolution congratulating Wittenberg University on being the NCAA small-college basketball champs.

Senators also adopted a House concurrent resolution congratulating Aversville High School for winning the state Class A basketball title.

To complete the sports picture, the House received a resolution to congratulate Ray Dieringer of Cincinnati Elder High School on his selection as Class AA coach of the year.

The Senate, without dissent, approved DiSalle's appointments of Frank Kunkel of Cincinnati to the Pharmacy Board, John N. Hanson of Columbus to the Dental Board, and George E. Miller of Piqua to the Water Commission.

The Senate also received two DiSalle appointments. They were on:

Rankin M. Gibson of Delaware County, a former associate in DiSalle's law office and more recently legal assistant to the governor, as state commerce director to succeed John W. Bush of Portsmouth, now a member of the Interstate Commerce Commission.

Dr. Domenic A. Macedonia of Steubenville to the State Medical Board to succeed Dr. Horace Davidson of Columbus, resigned.

The House passed and sent to the Senate a measure legalizing use of light farm trucks to carry passengers, a procedure which now is technically illegal.

The governor signed into law an emergency bill permitting the shooting of quail until April 30 each year on licensed hunting preserves.

Ohio 5-Day Forecast

NORTHERN OHIO — Temperatures will average 4-6 degrees below normal. Normal high 52-53, normal low 31-35. Colder over weekend, warming a little early next week, then turning colder around midweek. Precipitation will average one-half to three-quarters inch as rain tonight, showers over weekend, and again at midweek.

Boy Cleaning Cage Sweeps Up Parakeet

DRUMRIGHT, Okla. (AP)—Richard Holiday, 12, was giving his bird cage an extra good cleaning with a vacuum sweeper when — swoosh, Tweedy Pie, the parakeet, disappeared.

Quick action with a knife freed Tweedy Pie from the sweeper bag. He emerged unhurt in a cloud of dust, minus tail feathers.

Police said the car hit a pole, knocking down wiring, then a guard rail, and overturned, skidding on its top and catching fire.

Anderson Evans, 41, of Springfield was dead on arrival at a hospital. John J. Jeffreys, 32, of Springfield suffered a broken leg and other injuries.

tax ordinance, he was transferred to regular uniform duties and placed in charge of one of the night shifts.

THE FIRST big case on which he worked as a rookie patrolman was the slaying of Special Officer Joseph Mumford, shot to death from ambush Nov. 16, 1956, as he sat drinking coffee with a friend, Miss Ina Danner, at her home on McDonald St.

The disciplinary action against Walker came just 24 hours after Patrolman Milton Fowler, a member of the force nearly three years, submitted his resignation to the director. Fowler asked his resignation be made effective immediately, explaining he wants to move as soon as possible to Florida, where he has a job waiting for him.

A few weeks ago, Patrolman Richard Higgins quit the force.

Both patrolman vacancies are subject to appointment by Copenhaver as head of the safety and service departments.

The appointments are made from lists certified by the Municipal Civil Service Commission. The commission generally maintains a standing list of eligibles for patrolmen's posts so that it is able to furnish the names to the director on short notice.

There Are Some Differences

The United States was 100 per cent wrong for a century and a half about denying the right to vote in the District of Columbia. Its residents should have been allowed to vote in presidential elections generations ago. That this was not done when it should have been done was a sad commentary on what happens when deliberative government turns stubborn.

The motive for the stubbornness needs to be understood before residents of the federal district take the next step, which would be toward home rule.

When the District of Columbia talks about home rule it isn't the same issue that delayed voting in federal elections. There are some differences.

The District of Columbia is not like other political entities in the United States. It and the city of Washington, which it encompasses, are the seat of the federal government. Every citizen of every state has a stake in the "federal town" created by the Founding Fathers.

There is no happiness in the thought the district might become the monopoly of the Democratic party, as is true of many large cities in the United States. There is no balm for patriotism in the thought Washington might come under partisan control and be employed to twist money out of the federal government for partisan advantage.

This could happen if Congress permitted

home rule on the assumption that Washington was the same as other cities. Washington never can be the same as other cities. The District of Columbia can never be the same as other metropolitan areas. The situation is unique.

There would be big trouble if an excess of zeal for representative democracy failed to take into account the reasons home rule for the seat of the federal government would be equivalent to throwing the nation's capital up for political grabs, with the Democratic party being about a 50-1 favorite to catch it on the way down.

Bicycle Time

With warmer weather on hand, bicycles again are making their appearance.

And with their appearance, the traffic safety factor looms even larger than during the winter months. Extra caution is required by both bicyclist and motorist.

Above all else, those who ride bicycles at night should make certain that their vehicles have proper lights. A bike at night without lights on a busy street or highway is an invitation to trouble.

And from the very beginning bicyclists must remember that they're the ones on the spot. They can't wreck a car, but a car can mangle their bike. The safety odds are stacked against the lighter vehicle.

Public Can Defend Itself

If there ever was a perfect situation to show why state and federal courts should rule on the constitutionality of legislation before instead of after it's passed, Ohio's proposed conspiracy bill is it.

Here is one of the DiSalle administration's strongest talking points. It was dumped in the last General Assembly because labor unions were afraid it might turn into a loaded gun at their expense. It is being pushed again in this General Assembly with the objectionable features eliminated.

Scattered about Ohio are a hundred lawyers itching for a chance to take a crack at a criminal conspiracy law if this state adopts one. Every one of them by this time has come to certain strong conclusions about the best way to challenge its constitutionality if he ever comes up against it in the defense of a client. The seed of a doubt has been planted.

In the General Assembly, where the lower house already has approved a bill to punish conspiracies to violate state laws on gambling, prostitution and narcotics, lawmakers are wondering, too, if they are going through the motions of doing something that is going to be knocked asked by the legal profession.

If the constitutionality of such a law could be established in advance by pre-examination in the state's courts — a possibility of rational conduct that never has been exploited by government — Ohio would know where it stood from the outset.

Cases brought under the law still could

be knocked down by technical barrages, allegations of error and the whimsies of judges, but at least the public could know in advance that it had a clear legal right to try to protect itself against conspiracies to break its laws.

This is the intent of the Ohio law that has been proposed — to let the public protect itself against conspirators. It is most unfortunate that the attempt to do this must take place in the shadow of the released Apalachin defendants, who represented the federal government's efforts to do the same thing. The federal jurists who turned those defendants loose on appeal raised the question of the public's ability to defend itself at all.

Laurels In Science

A word of appreciation is due the Tri-State Earth Sciences Society for focusing public and student attention upon the field of science scholarship.

Two special medal awards were presented by the society at a banquet this week, to a Steubenville girl and a Toronto girl for outstanding achievement in science. Special gold pins also were given to six top winners of the Tri-State Science Fair.

Preparing a special program to honor these students and providing special tributes shows a genuine interest in promoting scholarship in area schools and fulfills the society's objective in furthering understanding of today's complex scientific world.

Getting Away From It All

Without knowing more about Marie Cole Berger, who has been tapped for governor of Samoa by the Kennedy administration, it's impossible to say whether she has been slurred by a Samoan delegation that dislikes the appointment.

Miss Berger does have a pat reply to the objection that women are not fit to pow wow with chiefs in Samoa. She explains she was made a chief when she lived there and that women are chiefs in Samoa all the time.

What interests some of us men is not Miss Cole but Samoa, and this is to inform the Kennedy administration, specifically the Department of Interior under Stewart L. Udall, that plenty of us are free to go to Samoa.

No sacrifice would be too much for us to make under the circumstances. The Polynesians who live in Samoa under U.S. protection would like us and we'd like them.

There would be no problems about getting squiffed with the chiefs when they perform rituals, either. Most of us have sat down with plenty of chiefs in the past and still gone to bed under our own power — and those who doubt their prowess in this respect can always drink coconut milk, instead.

We aren't asking Secretary Udall to take our word for it — just to give us a fair trial. As we say, 24 hours' notice will be enough. All we want is time to buy a pith helmet, find our ukeleles and Pago Pago here we come!

Fact is, Secretary Udall, sir, we don't get the logic of sending a woman governor to Samoa. The South Sea Islands are where men dream of going to get away from it all — not women. Women dream of going to New York City.

Red Reasonableness

Powell To Police Negro Employment

By Victor Riesel

NEW YORK

The Rev. Adam Clayton Powell Jr. is a powerful congressman with a taste for being literal in his pledges. Just the other week

he told some three thousand construction union leaders that he would put them under "vigilant scrutiny" to make certain they opened their organizations to Negro membership in the

Victor Riesel

North as well as the South. Before those union chiefs walked out of their Washington conference hall, a special congressional investigating task force had them under the most vigilant scrutiny since Alexander Hamilton pruned a federal expense account.

Rep. Powell, easily the most influential Negro leader ever to sit in a high place in Washington, had just opened special investigative headquarters in New York's Federal Building when he sent his warning to the Building and Construction Trades Legislative Conference in Washington, Monday, March 20.

That still little known headquarters set up by Rep. Powell, under his authority as chairman of the House Education and Labor Committee, operates out of Rooms "E" and "F" of Suite 2704 in the huge Federal Building on Foley Sq.

What develops in those offices should fascinate all sections of the land. This task force will close up practically its entire New York operation in three months and hit the road.

THE CONGRESSMAN reveals he will then set up shop in Chicago, Detroit, and so on across country into the Southwest. He will wind up in the Los Angeles Federal Building.

Perhaps, says the congressman, he won't wait for the full inquiry to end in New York before he moves his squad west. He may simply double his staff and make simultaneous surveys.

Chief counsel of Rep. Powell's probers is Jim Branigan, whom the representative describes as the only Justice Department official ever to convict anyone exposed during the Kefauver hearings a decade ago.

Mr. Branigan then was the dynamo in the Criminal Division of the Justice Department's Southern District of New York.

To work with Branigan there is Dick Fullmer, the task force's chief investigator. He, too, was in the Kefauver saga as part of the Tennessee's staff.

Working with them is a Negro investigator, Odell Clarke, formerly with the men's clothing union for 21 years.

MOST INTRIGUING is the fact that the rest of the staff is at least bilingual, fluent in Spanish as well as English, so they also can deal directly with Puerto Ricans, exploited by racketeers in the East and with Mexican-American workers in the Southwest.

Not in my years of congressional probe coverage have I run into this fascinating inquiry technique. Powell has arranged for private phones at Courtland 7-7145 as a conduit for complaints.

Thus those with a grievance can telephone without being monitored or observed walking in to report their inability to obtain work on a federal project or to gain admission to one of the 19 unions involved in mass construction.

If the complainants can't reach the bi-lingual probers, such as Jose Roman, a former Puerto Rican newsmen and TV broad-

caster, there will always be the head of the office staff. She is Mrs. Olga Cano. She speaks both languages as easily as a public square sparrow can chirp.

WHEN POWELL shifts his probing unit to other federal buildings, he will set up a similar system of private phones and spread word in Negro and in Spanish-speaking communities that someone can always be reached.

However, when Branigan receives solid evidence from Dick Fullmer that Negroes have been unable to find work on a federal project or have been refused full membership in a union — there will not be any congressional hearing.

Powell says he will not do the traditional. Instead he will

send each documented case along to Attorney General Kennedy and (or) Secretary of Labor Goldberg, confident that both men will act under the President's new Executive Order 10925.

If the legal talent of those unions involved in the cases sent to the Cabinet members is sufficiently skillful to beat off legal action — there will be public hearings at the year's end. Powell says he wants action, not TV cameras.

To add a final touch, he points out that the Democratic members of his full committee met the other day — and agreed that the construction unions will not get their increased picketing (common situs) demands if their unions are not opened wide to Negro — and all other — workers.

Soviets Men With Mission

By James Marlow

WASHINGTON

President Kennedy's problem with communism is like inviting a man to dinner and then trying to make sure he doesn't stick the silverware in his pocket.

Even a not-likely-son American-Soviet agreement on disarmament and nuclear testing — something the optimists would like to think means peace — won't keep the Communists from doing what they're doing.

They're men with a mission and what they're doing is trying to take over the world. Since they're convinced they have time on their side, they're not in a hurry. If they can't do it all at once, they can try a bit at a time.

For instance, don't bet that peace, if it comes to Laos, will last long. The shooting by the Russian-backed guerrillas in the north would not necessarily start up soon.

But the Communists would be infiltrating the rest of Laos, trying for a grab from within. Or, they could try it with shooting if they first create a crisis somewhere else to distract the West and take up its energies.

And even though things quiet down in Laos indefinitely, there are always other places. Southeast Asia and the Middle East, for example. Southeast Asia is full of such places.

At the moment Kennedy's prestige seems high in the world. He acts like a quietly tough young man who has nothing but good will for the rest of mankind but won't stand still to be bulldozed.

The Russians and Red Chinese can't stand too much of that. Anytime Kennedy begins to look like too much of a world-persuader — meaning persuading away from communism — they'll try to give him the miseries.

In this case it would mean creating for him a series of crises, rocking and socking him, keeping busy, distracted, and running around with a fire-hose to put out blazes in a dozen places.

A tremendous Red Chinese attack on Formosa — creating concern in this country not only for Formosa but over the prospect of getting into war in China — would be a nice distraction for a push somewhere else.

True, Kennedy is doing all he can to lay the ground for friendly dealings with Premier Khrushchev. And maybe they'll meet and get along fine.

And maybe the next time a brushfire war starts up some place there won't be a Russian in sight. That won't mean the Russians and the Chinese Communists aren't working out of sight.

They don't have to fire a shot. They can seduce with economic aid, by sending in industrial advisers who become political advisers, by bringing students from

backward countries to Moscow and returning them home well-trained.

The West has no illusions and can do the same. Of course. To some extent it will try. An example of trying is Kennedy's foreign aid program which he offered Congress a few days ago.

He has no illusions about the future. That's why he told Congress in his defense message he wants an armed force that can fight limited wars, as well as big ones, including guerrilla fighters for the brush-fires.

In the end the greatest weapon on either side may turn out to be determination.

There's always the chance the Russians and Red Chinese will fall out. From behind the iron curtain they've let out stories about Chinese squabbles with Khrushchev because he's too soft.

That makes him — comparatively — look like a good guy. It might even induce the West to make concessions to encourage nice guys. But experts on communism say this is just an act, well thought out.

If this is a gloomy look at what is ahead — not only for Kennedy but for presidents after him — it remains for someone with a rosier view to come up with indisputable information to the contrary.

Through The Years

THIRTY YEARS AGO — Adjutant Charles R. Logan of the East Liverpool Chapter of the Disabled American Veterans was elected a delegate to the state convention in Warren.

Dr. J. A. Lutz, Dr. Frank J. Benedict and Dr. Zavel Sigal, Midland dentists attended the 63rd annual meeting of the Pennsylvania State Dental Society in Pittsburgh.

TWENTY YEARS AGO — George Salsberry was named to a third term as president of the Trades and Labor Council at a reorganization meeting in the NBOP Hall.

Patrolman Clyde Boso and John Russell combed the East End and warned residents to be on the alert for a small dog which disappeared after nine persons were bitten.

Paintings by Joseph Saling of Buckeye Ave., Wellsville, were put on display in the window of the Holloway Drugstore.

TEN YEARS AGO — Atty. Joseph W. C. Cooper was named acting municipal judge during the illness of Judge George L. Brokaw. The Kkndyke Home and School Association elected Charles Straight to his third term as president.

Ignoring The Obvious

By David Lawrence

Increased Profits Would Help Treasury

President Kennedy has sent to Congress a message on the budget that doesn't come to grips with the real problem of the country — how to increase profits so that there will be more tax receipts for the treasury.

Since the federal government is entitled to collect in taxes 52 per cent out of all profits, it would seem that any administration would be working hard these days to find ways to move profits upward. But all the task forces hereabouts — composed mostly of college professors who regard an impetus to profits as a forbidden, if not poisonous, subject — haven't come up with any plan to increase treasury receipts.

Plenty of words have been issued on how to pep up the economy by spending more money for social welfare, but the true causes of unemployment — the failure to provide tax incentives in manufacturing industries — have been largely ignored.

Job creation is the most important subject before the country today and, while a Democratic Congress has been in session nearly three months, not a single bill has been reported to either house to encourage the normal processes of job making.

Yet 29 per cent of the labor force is in manufacturing — the biggest single group. The unemployment figures show that 1 1/2 million of the unemployed have been laid off in manufacturing businesses.

While aid to depressed areas and extension of unemployment compensation are desirable, they are not a cure for the real ailment — the failure of manufacturing to grow in volume as it should. This is because tax laws that apply to replacement and modernization of plant and equipment are antiquated and ineffective.

Unless the climate for business development improves generally, the prospect of getting more receipts from taxes for the treasury will grow worse and, even if there is a recovery period in the next few months, it may be followed soon by another recession.

THE TREND of the times unfortunately is toward more and more government spending for social welfare without paying much attention to the need for developing an increasing revenue from the normal sources of taxation.

Business and the government are partners in the profit-making process. It might be thought that the federal government would be much concerned about increasing the receipts from its 52 per cent tax on corporations. This logically points to the desirability of providing promptly a stimulus for business growth.

The other day when President Kennedy spoke of increasing the minimum wage from \$1 to \$1.25 an hour, he said he couldn't see why any business "making \$1 million a year or over" should object.

Fun And Frolic

By Truman Twill

A group of us were whooping it up in the TV room. It wasn't exactly a group, just these ladies I live with and me. One was asleep and the other was knitting a sock. Me, I was awake. It wasn't really the TV room. We don't have one. It was the living room.

What was keeping me awake was a crowd of show business people having a good time in Florida — one of those deals where the show biz people plug the name of the place and what grand folks they're with down there and the payoff presumably makes it possible to take the troupe on location.

This troupe actually was having fun. The people looked sun-bathed. They sparkled. Everything appeared to be real. They were vibrant with joie de vivre, and it did something to me.

I could smell wet bathing suits and feel sand fleas biting my skinny shanks.

The dank stench of stagnant sea water crept into the living room.

I could taste fish and imagine a bone caught in my throat.

My arms and shoulders had that parboiled feeling, and my eyes throbbed at the small end of the picture tube, the way they do when you've looked at the sun too long.

I could smell the rancid odor of deep fat from restaurant kitchens. I could hear the wind sighing through the royal palms. By flapping my gums I could imagine I had a spoonful of hominy grits in there, wondering what to do next if I couldn't swallow the mess.

I could smell mildew and a whiff of orange juice. I could visualize piles of watermelons selling at distress prices and see humps on the backs of Brahmin cattle. My hand slapped at a mosquito trying to crawl into my ear and I kicked off a slipper to empty the sand on the rug.

He was obviously mistaken in his reference, which should have been to gross sales of that amount but his error started a line of thought as to just how many companies in this country do make \$1 million or more and what profits are made by the different classes of companies — large and small.

It turns out, for instance, that in 1958 — the latest year for which figures are available — there were only 3,857 corporations making \$1 million or more a year after paying taxes, while there were 607,274 corporations making less than \$1 million a year.

There were 379,250 corporations which lost money.

THE FIRST GROUP had \$16 billion left after taxes, and the second group retained about \$8 billion. Thus the total amount earned by both groups after taxes was about \$24 billion. This is a little more than enough to pay half of America's defense budget today, which is growing beyond \$44 billion.

Even if business earnings were taxed 100 per cent, there wouldn't be enough from this category alone to balance the \$84-billion budget now being proposed by the President.

Obviously, even if the deficit is to be held at the expected \$3 billion in the new budget and corporation taxes run to around \$20 billion, about \$61 billion has to come from tax payments by individuals employed in business, in the professions, in agricultural pursuits, and in other activities, and from sales and excise taxes.

Unless the business structure is healthy, these sources of revenue drop off, too.

It is surprising, therefore, that the Kennedy administration has neglected to do anything about stimulating the flow of profits in business.

Vague intimations have been given that tax-depreciation allowances are to be revised but this topic doesn't appear to have any of the spectacular urge that the peace corps idea has behind it, though tax-depreciation laws can mean far more for America and for the foreign-aid program than any other single factor that could be cited.

UNCLE SAM, as a more than 50-50 partner in American business, would appear to be rightfully concerned about how to increase profits but so powerful are the demagogic influences against doing anything to help business that the subject is not getting the attention it deserves.

Even the new secretary of commerce — who is supposed to be as vigorous an advocate of business legislation as his colleague, the secretary of labor, is in pressing for measures wanted by the AFL-CIO — isn't making a fight for the tax - depreciation program.

Nobody in the White House or in Congress seems to be a champion of larger and larger tax receipts that can and should be derived from business profits, not only for the benefit of the U.S. Treasury but for the unemployed who would get jobs if business could achieve a healthy recovery.

The remarkable thing about this is that I never had been to Florida. Those show business people had done such a good job of evoking the fun and frolic atmosphere that I remembered everything I ever heard about Florida.

Then it crossed my mind that a wonderful thing is happening to all of us who stay home to earn a living. We travel vicariously to all corners of the earth via TV, not the way it used to be in "So now we say goodbye" travelogues but in the way it should be in entertainment piped directly into living rooms for family enjoyment. Even if the shows are taped these are real people having fun while earning a living. It is next best to being there yourself.

I nudged the sleeping lady with the heel of my hand and told her to get a load of the sexy babe throwing out her chest on the water skis. She looked dull-eyed at this eye-popping spectacle and murmured, "Remarkable" before corking off again.

The lady knitting the sock finished turning the toe and went to the kitchen to get a beaker of orange juice. "Florida always makes me think of orange juice," she explained, setting down the jug.

It's wonderful, TV is. Goodness only knows where we'll go tonight. To the moon, maybe.

9 Area Motorists Receive Penalties

Nine area motorists were among 30 fined or who forfeited bonds in County Judge Herbert Arfman's Court at East Palestine Thursday. East Liverpool drivers fined included Harold Salsberry and Alwyn Johnson, \$15 for false regis-

tration; Robert L. Doughty, \$5 for defective muffler; Aubrey Robinson, \$5 for failure to yield the right-of-way.

Marx F. Stone of East Liverpool and Robert Burris of Lisbon forfeited \$15 bonds for speeding.

Max H. West of Wellsville was fined \$5 and costs for crossing a yellow line, and Connie Delane of East Palestine was fined \$5 and

costs for driving with a temporary permit and no accompanying licensed driver.

Jesse Persutti of Midland forfeited \$20 on a charge of passing at the crest of a hill.

Ex-Ohio Pen Inmate Sentenced In Robbery

CHICAGO (AP)—A former Ohio Penitentiary prisoner has been sentenced by a federal judge to serve 10 more years in prison for the robbery of a Chicago savings association.

Judge Julius J. Hoffman of U.S. District Court said that John Tri-

vett Jr., 33, of suburban Cicero, pleaded guilty to the Jan. 27 robbery of \$6,334 from the Marquette Park Savings & Loan Association, on the South Side. Hoffman said that Trivelt had served two prison terms, for armed robbery in Cincinnati and burglary in Columbus.

More Layoffs Scheduled
Military, A-Plant Cuts
In Ohio To Idle Hundreds

By JAMES B. SIBBISON
WASHINGTON (AP) — Curtail- ed operations at some of Ohio's military and atomic installations have eliminated the jobs of several hundred civilian workers. More layoffs have been scheduled.
This is the situation, as given by defense and Atomic Energy Commission officials:
PORTSMOUTH — About 200 workers have been let off at the AEC gaseous diffusion plant. AEC said the plant does not need them because operations have become more efficient. Relatively few layoffs have been scheduled for the future.
CINCINNATI—About 250 workers have been let off at the AEC's uranium processing plant at Fernald. Between 50 and 100 more may be laid off.
Also at Cincinnati, the future of about 3,500 workers employed on an atomic aircraft engine project at General Electric Co.'s huge Evendale plant is in doubt. President Kennedy has advised Congress this project will be canceled. The military no longer considers the atomic plane useful to its purposes.
Another Cincinnati facility, King's Mill, which has been used for storing machine tools, is to be closed. This plant employs 16 persons.

Area's Giving
Hits \$6,425 In
'Dimes' Drive

East Liverpool, Wellsville and Salineville gave a total of \$6,425 to the 1961 March of Dimes drive, County Recorder Richard G. Brian, who was southern county chairman of the campaign, announced today in a final report.
The community totals were: East Liverpool, \$5,134; Wellsville, \$930, and Salineville, \$360.
Brian said the southern county contributions were well ahead of previous years. Contributions from Salem, Lisbon, Columbiana, Leetonia and East Palestine will be reported by the northern county organization at Salem, he explained. The overall total is expected to be about 70 per cent ahead of the 1960 drive, he added.
In East Liverpool, proceeds included \$2,875 from the Mothers March on Polio; \$594 from school collections; \$218 in coin containers in business places, \$1,068 in a mail campaign and \$377 raised in American Legion projects, Brian said.
At Wellsville, the contributions included: \$627 from the Mothers March; \$142 collected in schools, and \$160 in American Legion projects. At Salineville, collections were: Mothers March, \$253; coin containers, \$4; school collections, \$56; club and organization gifts, \$15, and corporate and employer gifts, \$31.
Mrs. Florene Broderick was Wellsville chairman and State Rep. J. Warren Bettis headed the Salineville drive.

Katanga Unit
Routs 600 Of
Gizenga Rule

ELISABETHVILLE, the Congo (AP) — Units of the Katanga army, spearheaded by white mercenary troops, captured the North Katanga town of Manono Thursday and routed some 600 troops of Antoine Gizenga's Stanleyville regime.
The Katanga Province vice president, Jean Marie Kibwe, said seven Gizengist troops were killed south of Manono when they opposed the advance of the Katanga force but hardly a shot was fired in the town, an important tin mining center 300 miles north of Elisabethville.
Kibwe said he had no news of any prisoners being taken nor of the self-styled Lualaba government that leaders of the Lualaba tribe opposed to Katanga President Moise Tshombe proclaimed in Manono after the Stanleyville force captured it on Jan. 9.
Interior Minister Godefroid Munongo said there had been no deaths among the Katanga army or among the civilian population.
The U.N. garrison in the area, some 200 Nigerian troops, stood clear of the action, Munongo said, just as they did when the Stanleyville troops seized it. Because most of the white mercenaries in the invasion force were believed to be South Africans, the Irish commander of the U.N. force, Gen. Sean McKeown, had expressed fears on Tuesday that they would attack the Nigerians.

Kansas, New Hampshire Too
Ohio Claims It Was 38th
To Ratify Amendment

WASHINGTON (AP)—Who's on it a different way—that the action seemed to put Kansas in the 37th position, Ohio in the 38th and New Hampshire in the superfluous 39th. Newsmen asked the GSA about it.
That's no Abbott and Costello routine—it's the question of which state was first to become the 38th to ratify the 23rd Amendment to the Constitution. The amendment gives District of Columbia residents the right to vote in presidential elections.
Was it Ohio, Kansas or New Hampshire that became the 38th state to ratify, and thus complete the three-fourths total needed to make ratification effective?
The General Services Administration, charged with keeping tab on the ratification, isn't saying. The GSA said it will report to Congress Monday that the amendment has been ratified, and that it will list the ratifying states in alphabetical order.
Ohio and Kansas had been dueling verbally on which one should have the honor of becoming the 38th. Ohio waited for Kansas to ratify (and become the 37th), and vice versa.
Then, Wednesday, New Hampshire got into the act, ratifying and becoming No. 37. Fourteen minutes later, Kansas ratified, Ohio followed 42 minutes after that. So Kansas proudly claimed to be No. 38.
That should have ended it, but it didn't.
Thursday New Hampshire reconsidered its action. Then it promptly reratified. This maneuver apparently was an attempt to shuffle New Hampshire into the windup spot.
But unofficial scorekeepers saw

**Judge Continues
Case Concerning
Sleeping Beauties**
CLEVELAND (AP)—The Frat- antonio "sleeping beauty" girls will remain in a welfare home at least another 90 days because a judge feels their mother is not in a proper mental condition to care for them.
Juvenile Judge Albert A. Wold- man Thursday continued for 90 days a hearing on a motion to grant custody of the children to their father, Vincent Fratantonio, 33.
Their mother, Mrs. Lillian Frat- antonio, 29, has been under psy- chiatric treatment for nine months.
The girls—Bernadette, 3, and Venita, 6—have been at the Par- madale Children's Home since last August under court order.
Mrs. Fratantonio was convicted last December of feeding the chil- dren drugs that caused long comas. She was fined \$500 and sentenced to one year in jail. She is free on bond pending outcome of an appeal.
Dr. M. D. Friedman, her psy- chiatrist, said although Mrs. Frat- antonio's condition has improved she still needs help.
The sharp reduction in mortality from pneumonia and influenza is testimony of the efficacy of the great advances in the treatment of these respiratory diseases. The death rate from these illnesses has dropped more than 60 per cent during the past 25 years.

John Birch Society Denounced
Attorney General Seen
Worried By Anti-Reds

WASHINGTON (AP)—The John Birch Society, a conservative anti-Communist organization, has be- come "a matter of concern to the attorney general," a Justice De- partment spokesman said today.
Asked if the department planned any action, the spokesman said, "A growing number of inquiries which the Justice Department has received about the John Birch So- ciety has made it a matter of concern to the attorney general." He declined to go beyond that brief statement.
There was no direct comment from Atty. Gen. Robert F. Ken- nedy, brother of the President.
Members of both the House and Senate denounced the organization Thursday and called for investi- gations of its leaders. Several sen- ators have been attacked in letter writing campaigns by society members.
The most caustic criticism centered around the society's found- er, Robert Welch, who is said to have called former President Dwight D. Eisenhower and others Communists.
FBI Director J. Edgar Hoover spoke out today against "reckless charges" and "vigilante action" in a signed editorial in the FBI law enforcement bulletin.
Hoover did not mention the John Birch Society, and FBI spokes- men declined comment on whether the society was an intended target.
Hoover wrote: "The job of curtailing and containing commu- nism is one for legally consti- tuted authorities with the stead- fast cooperation of every loyal citi- zen."

"This is neither the time for in- action nor vigilante action."
"Attributing every adversity to communism is not only irrational, but contributes to hysteria and fosters groundless fears."
The Birch society was founded in 1948 by Welch, a retired candy manufacturer from Belmont, Mass. It has active chapters in al- most every part of the country. The society is named for a Baptist missionary who served as an Army intelligence officer in the Far East in World War II. The society says Birch was killed by Chinese Communists 10 days after the end of the war.
Sen. Thomas J. Dodd, D-Conn., told a reporter he would ask the Senate Internal Security subcom- mittee to investigate the society and its leaders. Dodd joined Sen. Thomas Kuchel, R-Calif., in de- nouncing the organization Thurs- day in the Senate.

Fund Appeal In Final Stage

Local Red Cross leaders today announced that the fund campaign is swinging into the final lap, with \$10,646 reported in cash gifts or pledges toward the goal of \$15,787.

"Our evaluation of the campaign's progress reveals that our only lag now is in obtaining reports from workers in the Business and the Professional divisions. We realize, of course, that volunteers in these two divisions have a large task in contacting employees in some 400 business firms and nearly a 100 professional offices to visit. We do, however, urge that all workers turn in their reports at Red Cross headquarters as quickly as possible. Only then can we determine where additional effort will be required to achieve our goal."

Adkins pointed out that drive officials are beginning their final study of donor lists in all divisions, preparatory to assigning workers of a special "cleanup" committee to assist in the solicitation of divisions which have not yet achieved their quota.

Campaign leaders also commended the volunteers of the Advance Gifts Division which has exceeded the unit quota of \$6,000 by some \$250 to date. Adkins estimated that the Business Division's work is about one-fourth complete, with nearly \$1,500 reported toward a unit-goal of \$5,617. The Professional unit has reported about half of its quota of \$1,800.

Adkins also announced that a Red Cross volunteer "will be sent to pick up gifts from any donor who may have been missed in the regular canvass. Just phone Red Cross headquarters (Fulton 6-4124) and a worker will be sent immediately."

Humdrum Life Leads To Excess Eating

"I need to get out of the nibbling habit and lose weight ... also to get out of the house," writes a middle-aged homemaker. Here is a request that is almost its own solution.

The habit of nibbling could be called humdrum hunger and is characterized by a vague discontent. You nibble by Ida Jean Kain want 'something' and at home food is always handy. The trouble with turning to food to banish boredom is that you develop an appetite for unneeded food. The practice quickly becomes habit ... fattening habit.

The best way to break the habit is to become absorbed in some stimulating activity. It's a scientific fact that when your interest is diverted, you are oblivious to mild hunger contractions.

YOU can cope with habit hunger by being away from food and doing something that interests you. The mind demands stimulation. Human beings require some change of routine and association with others to keep happy. In middle age, particularly, one is apt to feel a lack of purpose — time drags. How to counteract? Recognize that turning to food is a very poor substitute for an active

is always conducted in conjunction with the East Liverpool chapter. Nearly 200 calls will be made by the volunteers in the Salineville business section, at homes and in rural areas, areas, including Highlandtown, Hayti and Monroeville.

Team Captains in the Salineville Division include: Mrs. Mary Bray, Mrs. Eva Maher, Mrs. Nadine Johnston, Mrs. Karen Griffith, Mrs. Wayne Baker, Mrs. Lois Leishman, Mrs. Irene Ferguson, Mrs. Edna Jarvis, Mrs. Mildred Simpson, Mrs. Verna Welsch, Mrs. Margaret Martin, Mrs. Gladys Moore, Mrs. Hazel Hart, Mrs. Orpha Skinner, Mrs. Valeria Stevens, Mrs. Ruth Webb, Mrs. Janice Munday, Mrs. Agnes Mundy, Mrs. Jessie Bolles, Mrs. Beatrice Kelly, Mrs. Teresa Earich, Mrs. Mary Lou Scary and Mrs. Kathryn Weaver.

How Can I?

By ANNE ASHLEY

Q. How can I remove candlewax drippings from a wooden table?
A. First scrape them off carefully with a wooden paddle, then remove any residue by rubbing the spot lightly with cheesecloth moistened with cleaning fluid. Do this quickly, and follow with a dry cloth.

Q. How can I remove stains from mattresses?
A. In most cases, the stains can be removed by covering with a thick paste of laundry starch and soap jelly. Allow to remain until dry, then brush off with a whisk broom. Repeat if necessary.

Q. How can I keep sandwiches fresh?
A. Wrap them in a dry napkin, then in a towel wrung out of cold water, and place in the refrigerator.

attempt to make life more zestful.

Volunteer work in a worthwhile cause can be unexpectedly rewarding as well as providing an outlet for thwarted reactivity. Certainly you can be a lot happier when you are busy 'doing.'

The American National Red Cross tells me they need your services. The Red Cross has many kinds of activities. The only requirements are that you have the physical ability to do the job and the willingness to give the time.

Training is provided for these services ... Motor Service Driver, Gray Lady, Social Welfare Aide, Staff Aide, Canteen Service Volunteer, Volunteer Nurses Aide, Arts and Skills Volunteer. Good things happen when you help.

Spring is the time to stir yourself to take action. It is important to recognize that when bored you tend to eat but do little in the way of activity. Boredom is deceptively tiring. More rest is not the solution, nor do you need extra food to bolster your energy. What you need is stimulation.

TO KEEP vigorous, happy and growing — get active. Activity can restore your feeling of well-being and bolster your confidence. This is the best possible way to break the habit of eating at odd hours. Send a long, self-addressed stamped envelope for "Ideal Weight Chart." Address your request to Ida Jean Kain in care of this newspaper. Postcard requests cannot be answered.

James Meaghan, who was directing operations.

But with about 2,500 persons forced out of their homes in low areas and with the river boiling against the six downtown bridges that span the east and west sides of the city the mayor said the danger would not be over until the swollen stream returns to its banks.

While Cedar Rapids was going through one of its most trying times, about 6,000 persons who had been forced from their homes at Waterloo were undertaking the job of digging their homes out of the mud.

The river had gone out of its banks last Monday with the runoff from snow and heavy rains. Mayor Meaghan said the earlier prediction of a 22.5 flood crest was based on readings in the 1929 flood but officials of the U. S. Geological Survey revised the crest downward on discovering that previous flood control work that removed two feet of silt from the river.

"The work of the river front commission has saved us millions of dollars," the mayor said. The Cedar River is expected to flatten out after leaving Cedar Rapids and there are no more big towns on the rest of its way into the Mississippi.

Plat At Yellow Creek Approved By County

Columbiana County commissioners Thursday approved a plat of George T. and Marguerite Wilson's 1st Addition in Section 10 of Yellow Creek Township, consisting of 4.45 acres laid out in lots. The board also dedicated several roads at Guilford Lake in Section 2 of Range 4 of Hanover Township — Walton Rd. Parkview Rd. and Park Ln.

The board is meeting again today to set up the budget for this year. Commissioners have been working on the budget for the past month, conferring with all office-holders to determine possible economies.

McCready of Fairview and Alice Thornton of Daw Junior High. Eric Bush, a fourth-grader at McKinley, also received a trophy for winning the speldown in the lower elementary grades Wednesday afternoon.

The bee lasted 33 rounds before Miss Rodgers missed "corpse." Miss Wright spelled it correctly and then ended the speldown with "corralled."

Young Waggoner was eliminated a few minutes earlier when he misspelled "celestial."

Bush competed in the bee with the older children yesterday and spelled his way through such words as "consideration," "generosity" and "difficult" before bowing out in the 10th round when he inserted an extra "n" in "linen."

Supt. S. E. Daw was the pronouncer. The judges were Mrs. Vernon Rose, Mrs. Mildred Elliott and Daniel Duerksen.

Rattler Misses Boy, Killed By His Bike

TAMPA, Fla. — A 5-foot rattlesnake lashed out at Roger Briggs but missed and became entangled in the boy's bicycle.

Roger, 12, son of Major and Mrs. A. D. Briggs, told police he was walking his bike across the street near his home in a residential area Thursday when the rattler appeared out of nowhere and struck.

East Germany's Walter Ulbricht presided at the Kremlin conference, underscoring the emphasis on Germany as the major testing ground in the cold war.

The Warsaw nations backed Khrushchev's repeated demand for a quick settlement of the German question and declared: "In the interests of security and peace it is absolutely necessary to eliminate the remnants of World War II by concluding a peace treaty with both German states, and, in this connection, rendering harmless the seat of danger in West Berlin by converting it into a demilitarized free city."

Idle Workers Due Benefits April 8

April 8 is the effective date for the temporary extended unemployment compensation program in West Virginia, John W. Casey, manager of the Weirton office, said today.

Claims filed in local offices by individuals whose benefits were exhausted in the period from April 10-14 will be back-dated to April 8, Casey said.

Those in "current claim" status who will exhaust regular benefits by April 7 will report back to the local office on their regular reporting day at the regular two-week interval, Casey said. Their claims may be back-dated to April 8.

Claimants served by outside offices which are not open the week of April 8-14 may have their first claims back-dated to April 8 if they report to the itinerant point in the week of April 17-21.

Persons filing in Chester should report on April 19-20, Casey said. Individuals who have exhausted their benefits will report into the Weirton unemployment office on their regularly assigned reporting day, Casey concluded.

Phone Concern Plans Capital Improvements

MARION, Ohio (AP) — General Telephone Co. of Ohio has budgeted about \$12 million for capital improvements in 1961, including conversion of six manual exchanges to dial operation, the firm's president says.

Clare E. Williams of Marion, in his annual report to stockholders, listed the six exchanges as Garrettsville and Gibsonburg (already converted), Carrollton, Fort Recovery, Spencerville and Arlington. Last year 10 manual exchanges were converted to dial. At year's end, the company operated 213,195 telephones—almost 90 per cent of them dial.

Bonnie C. Shelton Becomes Bride Of James E. Burdick

Miss Bonnie Carole Shelton became the bride of James Edward Burdick during a candlelight ceremony last Friday night at 7:30 o'clock in the Calcutta United Presbyterian Church.

The bride is the daughter of Mr. and Mrs. Samuel T. Shelton of Cannon Mills and her husband is the son of Mrs. Martha Burdick of Smiths Ferry.

Dr. A. K. Davison, pastor of the First United Presbyterian Church, officiated for the double-ring ceremony before an altar background of palms, ferns and gladioli.

Mrs. Claire Unrue, church organist, presented a half-hour of wedding music. Miss Blanche Rice was vocalist.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace over satin. The fitted bodice was fashioned with a winged collar and long pointed sleeves. Iridescent sequins and seed pearls accented the lace medallions scattered over the gown.

The bouffant skirt, formed of six tiers of scalloped lace ending in a chapel train, was worn over a hoop underskirt. Her fingertip veil of imported silk illusion was attached to a half-pilbox of lace and pearls.

She carried a white Bible, the gift of the bridegroom, topped with an arrangement of white orchids and Stephanotis tied with satin streamers.

Mrs. Judy Croft was matron of honor and Miss Lora Rowley bridesmaid. They wore identical floor-length gowns of deep red velvet and net. The fitted bodices were strapless with net stoles and the skirts featured overdresses of velvet.

They were matching headpieces with theater veils and carried Colonial bouquets of white carnations and red rosebuds with satin streamers.

Samuel Burdick, brother of the bridegroom, was best man and Glen Shelton, the bride's brother, was an usher.

Carla Sue Lee, niece of the bridegroom, was flower girl and wore a white nylon dress and white bonnet. She carried a basket of white mums and rose petals.

Steven Shelton, the bride's nephew, was ring bearer and carried a white satin and lace pillow.

The mother of the bride chose

(In an unadorned statement of fact, St. Luke put on public record one of the most significant events of human history. In this last of a series on Christ's last words by nationally prominent clergymen, the Most Rev. Karl J. Alter, a Roman Catholic archbishop, shows how Christ's final sigh was "a triumph of failure.")

By THE MOST REV. ALTER
Written for the Associated Press

"It is consummated."

St. Luke described the climactic moment of Christ's death on the cross in terse but vivid language:

"It was about the sixth hour and there was darkness over the

whole land until the ninth hour. The sun was darkened, and the curtain of the temple was torn in the middle. And Jesus cried out with a loud voice and said, 'Father, into thy hands I commend my spirit.'"

St. John reminds us of further details, as foreshadowed in the sixty-eighth psalm:

"There was standing there a vessel full of common wine; and having put a sponge soaked with the wine on a stalk of hyssop, they put it to his mouth. Therefore, when Jesus had taken the wine, he said, 'It is consummated.' And bowing his head, he gave up his spirit."

In this simple, unadorned statement of fact, the most significant event of all human history is put on public record. The ineffable mystery of the Redemption is summed up in a phrase:

"It is consummated."

CHRISTIAN people have always looked upon Christ's death on the cross as a triumph of failure. To the immediate witnesses of his crucifixion, Christ's life seemed to end in defeat and disaster. To succeeding generations, however, the cross spells a spiritual victory over the force of violence; it represents the triumph of good over evil, of love over hatred.

When Christ spoke his final words from the cross, "It is consummated," his sojourn on earth seemed to be prematurely ended; but his sublime mission had been gloriously achieved. It was a mission meant to portray divine truth, goodness and beauty — not in the concrete form of a living personality.

It was a mission of infinite mercy, by which, in a divine paradox,

the Son of God invested himself with human weakness, in order to lift up man to the majestic stature of the divine likeness. It was a mission of reconciliation, whereby the wall of separation between heaven and earth would be broken down, and the indictment of guilt, as St. Paul calls it, be blotted out. It was an act of sublime self-surrender to the will of his heavenly Father to atone for the wilful disobedience of his brothers in the flesh. It was not a manifestation of impotent weakness, as his enemies charged. It was a voluntary surrender unto death, in order that we who were dead in sin might live unto justice. Christ made this clear in his own words:

"I lay down my life that I may take it up again. No one takes it from me, but I lay it down of myself." (John 10:17-18)

WHEN WE contemplate the bitter agony of Christ in the garden of Gethsemane, his bloody scourging in the court of Pilate, his cruel death on the cross, we become aware that sin has its price. It is assumed all too often that the violation of the moral order does not carry with it a penalty, as in the violation of the physical order.

The consequences may be different, less immediate, and less apparent; but they are no less certain. Treason, lust, gluttony, deceit and hypocrisy impose penalties, as surely as fire burns and poisoned food destroys life. Personal sins lead to personal disaster, and social crimes end in social misery. It was the composite sins of all mankind that led to the cross; but the cross in turn led to victory over sin and death. No wonder, when the deed was done, Christ could cry out with exultant voice but with a sigh of relief:

"It is consummated."

Final Tax Settlement Due For Subdivisions

Columbiana County Auditor Kenneth Bell said at Lisbon subdivisions will receive their final settlement of the real estate tax collection late in April.

All subdivisions received advances Jan. 27 from the collection of taxes for the first half of 1960. The county treasurer Thursday certified the total collection as \$2,639,068.

Pirates And Baltimore In '61? ...

With the official opening of the 1961 baseball season less than three weeks away, the experts have been burning the midnight oil in an effort to come up with their annual predictions.

The trend seems to be moving towards Milwaukee and Los Angeles in the National League, while, as was the case last year, the writers are picking Pittsburgh no better than third.

The Associated Press writer then names St. Louis, San Francisco, Cincinnati, Philadelphia and Chicago in that order.

In the American League, the decision goes to New York, with Baltimore running a close second. Chicago is labeled third, while Cleveland is picked for fourth.

The remainder of the teams shows Detroit, Minnesota, Boston, Kansas City, Los Angeles and Washington.

THE PICK from this corner is Pittsburgh and Baltimore in 1961. Call it sentiment, local interest or anything you want, but the Pirates are going to be tough to knock out of the top spot.

We don't expect another batting crown from Dick Groat, but do expect an average of .300 or better. If Mazeroski can pick up a few points on his average and if Dick Stuart can give the Pirates some help, Pittsburgh should be the front runners.

Stuart was virtually no help to the club until the last two months of the 1960 season. A better start by the first baseman will be an asset.

By acquiring Bobby Shantz, the Pirates have more support in their left-handed pitching ranks. Call it luck or what you will, but it

The 'K-Boys' Eye College Offers ...

WITH THEIR final high school season behind them, East Liverpool's two star performers from last year — Kenny Cunningham and Kenny Miller — are turning their attentions to college.

Coach Eddie Melvin's trip to East Liverpool Tuesday to speak at the Pottery's basketball banquet was a twofold mission. Melvin is very interested in Miller and is ready to offer a handsome scholarship. Kenny is due to take a look at the school in the next few weeks.

Meanwhile, Cunningham, who pulled down about every honor in the state this past season, will be busy visiting schools every weekend for the next month or so.

So far, North Carolina State at

Narleski Leaves Tigers, Demands Major Contract

LAKELAND, Fla. (AP) — Ray Narleski, who possibly could solve the Detroit Tigers' relief pitching woes, has quit the club in a huff and gone home to New Jersey.

The right-hander stalked out of the Tigers' spring camp Thursday after a dispute with personnel director Rick Ferrell.

Narleski packed at his hotel and went to the airport for his homeward trip to Haddonfield, N. J.

At issue was Narleski's request that he be restored to the Tigers' roster and be given a major league contract. The one-time relief ace, idled with a bad back all last season, is on the roster of

Paret Rates 7-5 Favorite

MIAMI BEACH, Fla. (AP) — Promoter Chris Dundee today stood by his prediction of a \$30,000 gate for the 15-round title bout between welterweight champion Benny (Kid) Paret and Emile Griffith.

"The fans buy their tickets late down here," Dundee said with optimism. "Some of them wait until the last minute. That's why it usually is hard to figure what the crowd will be."

Paret remained a 7-5 favorite over the clever New Yorker, who never has gone beyond 10 rounds before. Gil Clancy, co-manager and trainer of Griffith, said there is no doubt in his mind that if the fight goes the full 15 rounds Saturday will be the fresher of the two at the finish.

The fighters will weigh in Saturday morning for the title match, which will be televised nationally over the ABC network at 10 p.m. (EST).

seems every time General Manager Joe L. Brown makes a trade it turns to gold.

REVIEWING THE 1960 race, Milwaukee finished second, but still was seven games off the pace, while Los Angeles, the favorite this season, was 13 games out of first, finishing in fourth place.

If there is a darkhorse this season it would have to be St. Louis. The performance by the Cardinals in the last part of the season made most baseball experts stand up and take notice. The Cards finished third, nine games off the pace. The injury to Larry Jackson, one of St. Louis' top hurlers, may slow the Cards at the start.

ROY FACE, ace reliever of the Pirates, is also a hillbilly singer and his latest record "Cross Your Heart With Love" has been receiving a lot of play in the tri-state area.

Face and another singing-guitar player, catcher Hal Smith, were on the entertainment circuit last winter at clubs, theaters, sport shows and television.

SOME OTHER camp notes from Ft. Myers: When the Pirates beat the New York Yankees last Tuesday they played to the largest attendance in their spring training history. The crowd hit 5,351.

PITCHER Jim Umbricht won the Pirates' annual golf tournament at the Ft. Myers Country Club to no one's surprise. Umbricht is considered the club's top golfer and once thought about turning to the pro links. His 73 beat Dick Groat by five strokes and Dick Schofield by six.

Raleigh, N.C., seems to be his choice. Whether he will play basketball and football or only basketball is something of which he is not yet certain.

Miller headed the list scholastically among the senior basketball players this season, while Cunningham was second. Cunningham received a certificate of merit for scholastic achievement a few weeks ago.

In order to receive the scholarship recognition a student must achieve at least 3 A's and a B in four major subjects. This improvement in grades for Cunningham came in the first semester while he played football then immediately stepped into basketball. Miller is a member of the school's National Honor Society.

BECAUSE the new Pittsburgh entry in the American Basketball League can't secure enough dates for its home games at the Pittsburgh Civic Arena, the club owners are eyeing the new Duquesne Community Arena at Duquesne as a spot for some of its games.

Narleski said he wanted a major league contract by Saturday so he could be covered by insurance in the players' pension fund. His insurance expires at midnight today. He has had concern over medical bills if his back troubles him again.

Ferrell had no comment about Narleski's insurance problem. But the Tiger front office said the club paid Narleski's entire salary last season plus his medical bills although he didn't pitch a game. His 1960 salary was reported at \$18,000.

3-Year Olds Set In Florida Derby

MIAMI, Fla. (AP) — John Sellers on Carry Back; Eddie Arcaro on Beau Prince; Bill Hartack on Crozier; Willie Shoemaker on Ronnies Ace.

Those are the "big four" in Saturday's \$100,000 added Florida Derby, the last big test for 3-year-old thoroughbreds in the South this spring. Four others are expected to go in the mile and an eighth feature at Gulfstream Park, the 10th edition of the "run for the orchids."

Completing the field will be Ismael Valenzuela on Garwol, Mike Salomone on Intensive, Larry Gilligan on Game and Wayne Chambers on Oak Dandy.

Each owner and trainer is confident his colt can take first money of about \$75,000. The first five finishers will share in the purse, with second money \$20,000, third \$10,000, fourth \$7,000 and fifth \$3,000.

Baron's And Dell's In Championship Tilt Of Wellsville Jaycee Tourney Saturday

Salem Entry Wins Battle In Overtime

Baron's Cafe of Steubenville cruised into the finals of the third annual Wellsville Jaycee basketball tournament, but Dell's Bike Shop of Salem had to struggle into the final match in Thursday night's semi-final round.

Baron's and Dell's are all that remains of a field of 25 teams which opened the weeklong tourney action on Monday. They will meet Saturday at 8:30 on the Beacon Memorial floor to decide the 1961 championship.

No games are scheduled tonight because of Good Friday. A consolation match will be staged Saturday at 7 p.m., pairing last night's two losers, Amo's Esso of Rochester and Cindrich Construction of Midland.

Baron's had little trouble tumbling Amo's, 86-68, but Dell's Bike and Cindrich Construction went into an overtime before the Salem five came out on top with a 73-72 verdict.

The regulation game ended in a 62-62 deadlock. With six seconds to go in the five-minute overtime, Rich Hunter stepped to the foul line and made one of two free throws for the one-point margin.

The contest developed into a nip-and-tuck battle all the way, but the Midland entry appeared to have the upper hand by gaining a five-point advantage, 49-44, going into the fourth quarter.

Dell's Bike came racing from behind and then won it in the extra period. Leading the Salem team was Hunter, the former Salem High and Western Reserve standout who dropped in 28 points. Bill Pauline scored 15 and Fenton added 14 to the Salem attack.

Cindrich Construction, composed of ex-Steubenville College players, was dealt a heavy blow when its star Saxe suffered a sprained ankle early in the contest and had to be helped off the floor.

Mayer attempted to pick up the slack with 19 points while Duffy and Nese added 15 each. The quarter scores showed Midland with a 16-15 edge at the end of the first period and a 31-28 margin at halftime, but it didn't hold up.

In the second semi-final contest Thursday, big Jim Smith proved why he was a Little All-American by hitting for 28 points. His total came on 10 field goals and eight fouls as the smaller Esso five couldn't control the former Steubenville great.

Smith received ample support in the scoring department from John Blanda who had another good night with 20 markers.

Baron's, which has been stamped as the favorite, grabbed an 18-11 lead at the end of the first quarter and never looked back. The score at halftime was 41-27 and the margin reached 66-45 at the end of three periods.

Walker and Snowden shared honors for Amo's with 10 points each.

Team and individual trophies will be awarded following the final contest Saturday night and an all-tournament team, most valuable player, high point man and best foul shot will be selected by the tournament board.

Frank Fusco has served as tournament director for the Jaycees.

Coffin, Reynolds Clash For Senior Golf Title

ST. AUGUSTINE, Fla. (AP) — Bruce Coffin, 61, of Marblehead, Mass., and Mollie Reynolds, 56, of Dallas meet today for the championship of the Ponce de Leon senior golf tournament.

In Thursday's semifinals they beat older opponents by identical 4 and 3 scores. Reynolds eliminated 66-year-old C. J. Farley of Grand Rapids, Mich., and Coffin defeated 73-year-old Walter Cope of Jacksonville, Fla.

In the first American League baseball game, played April 24, 1901, Chicago defeated Cleveland 8-2.

Advance Sale For Twins Is Up

Griffith May Enjoy Same Success As Braves' Shift

By JOE REICHLER
Associated Press Sports Writer
ORLANDO, Fla. (AP) — After years of austerity, Calvin Griffith, owner of the Minnesota Twins, formerly the Washington Senators, is striking it rich. Unless all signs fail, Griffith and his transplanted Twins are headed for a success story that may approach or equal that of Lou Perini and his Braves when the Boston franchise was moved to Milwaukee eight years ago.

Last year in Washington, the club's advance season ticket sale totaled only \$127,000. So far, in

Minneapolis-St. Paul, more than \$750,000 has been banked from season tickets. Club officials are confident the amount will exceed \$1,200,000 before opening day. "We drew 743,000 in Washington last year," said Herb Heft, the club's publicity man. "We'll be disappointed if we don't come close to doubling that figure. We know we're going to sell out opening day and we're already assured of at least 12,000 fans at every one of our games. We're going to start out with more money in the bank than Washington grossed all last year."

The seating capacity at the

Bloomington Park has been increased from 22,000 to 30,463. By September, the stadium will be able to seat 40,000.

"We've already tripled the number of tickets we sold in Washington last year at this time," said Heft. "The way the fans have been clamoring for tickets, a million attendance our first year in Minnesota should be a snap. Some of our people are envisioning a million and a half."

Even more pleasing to Griffith than the fans' response has been their treatment of him. The head of the Twins is a changed man. It's as if he's starting a new life.

200 Attend Funeral For Reds' Owner

CINCINNATI (AP) — Powell Crosley Jr., principal owner of the Cincinnati Reds, was buried Thursday in the city where he wanted his ball club to remain.

Crosley, 74, died Tuesday of a heart attack. He owned the Reds since 1934.

Burial was in Spring Grove Cemetery after simple funeral rites of the Episcopal Church. About 200 persons, including baseball officials, attended the services.

Before his death, the Cincinnati industrialist created a trust fund with his baseball holdings which are to be administered by a charitable, nonprofit foundation.

The foundation trustees met Thursday and unanimously agreed there will be no change in the club's policies.

"Following the policy of Mr. Crosley as principal stockholder in letting baseball men run the baseball business it was agreed that Bill DeWitt, vice president and general manager, as the chief executive officer of the club would continue with full authorities to administer all the affairs of the club," the trustees declared in a statement to the press.

Crosley's daughter, Mrs. Stanley E. Kess, was elected president of the board of trustees, which also includes her husband, other members of Crosley's family, his private secretary and his investment counselor.

Wrestling Seen Fastest Growing Sport In Schools

CHARLES TOWN, W. Va. (AP) — What is the fastest growing high school sport in the nation?

It's wrestling.

So said Gordon Eismon, executive secretary of the State Secondary School Activities Commission.

Eismon said that the sport in West Virginia is following the national trend with several schools adding wrestling to their athletic agenda this past season. They include Charleston, South Charleston, Elkins and Salem. There were 32 schools which participated in regional wrestling tournaments.

"Several others have wrestling on an intramural basis and they plan to move into interscholastic competition in the near future," Eismon said.

The commission sponsored a wrestling clinic this past season at South Charleston. Three or four of these are being planned for next year.

"We also hope to have a couple of clinics for wrestling officials," Eismon said. "I agree with West Virginia Coach Steve Harrick that we need more uniformity in rules interpretation."

One reason for the popularity of the sport is that so many football coaches like to send their players to the mat during the off-gridiron season. It builds muscles and helps to develop agility, among other things.

'They're Off' On Ohio Race Tracks Saturday

COLUMBUS, Ohio (AP) — "And they're off!"

The horses, that is, and occasionally the shirt off somebody's back.

For Saturday starts the racing season in Ohio, with 44-day meets beginning at Ascot Park near Cuyahoga Falls and Toledo's Raceway Park.

Under state law, no meets may be held in Ohio between Nov. 1 and March 1. Last year, the state's thoroughbred and harness tracks operated 649 days and nights, pouring more than \$100 million in excise taxes into Ohio's coffers.

This season's racing dates approved by the Ohio Racing Commission are:

Northeast: Thoroughbred
Ascot Park—April 1-May 22 (44 days), Randall—May 24-July 13 (44), Thistledown—July 15-Sept. 4 (44), Cranwood at Thistledown—Sept. 8-Oct. 28 (44).

Northeast: Harness
Northfield—May 5-June 24 (44 nights), Grandview at Northfield—June 27-Aug. 16 (44), Painesville at Northfield—Aug. 18-Oct. 9, dark Sept. 21 (44).

Central: Thoroughbred
Beulah Park—April 29-May 27 (25) and Sept. 9-30 (19), return to split meet after holding single 44-day meet last season.

Central: Harness
Scioto Downs—June 2-July 22 (44), Mid-America Racing Association at Scioto—July 24-Sept. 7 (40).

Southwest: Thoroughbred
River Downs—May 26-July 15 (44), Cincinnati Turf Club at River Downs—July 24-Sept. 4 (37).

Southwest: Harness
Lebanon—May 6-June 3 (25), Sept. 8-30, dark Sept. 21 (19), return to split season like Beulah; Hamilton—June 9-July 29 (44).

Northwest: Thoroughbred
Toledo Raceway Park—April 1-May 22 (44), Maumee Downs—no dates.

2 Events And 2 Marks Open AAU Swim Meet

NEW HAVEN, Conn. (AP) —

Two events and two records, that's the sizzling pace being set so far in the National Amateur Athletic Union indoor swimming and diving championships.

Capt. Charley Bittick and Murray Rose, the Southern California water whizzes, got the three-day classic off Thursday night as if they were being shot out of jet engines.

Bittick, 21, cracked the American standard in the 400-yard individual medley race with a brilliant 4:23.7, shaving nearly five seconds off the mark recorded in Yale's 25-yard pool here last year by Stanford's George Harrison. Bittick beat Ted Stickle, Indiana freshman, by about five yards as both finished under the listed standard. Stickle was clocked in 4:26.9.

Australian Olympic champion Rose broke the meet record in the 1500-meter grind held in Yale's 50-meter tank. Rose, 22, touched the finish line in 17:43.7, chopping better than 17 seconds off the 18:00.8 which George Breen registered over the long course a year ago. Rose won by 15 meters over Alan Somers of Indiana, who barely finished in front of Roy Saari of El Segundo, Calif.

Today both Rose and Bittick shot for a second crown in determined battles for triples. The Australian makes his bid in the 220-yard sprint and Bittick in the 220-yard breaststroke.

In other highlights, Olympic champion Mike Troy of Indiana is favored to retain his 220-yard butterfly title, against Southern California's Lance Larson; and defending champion Bill Mullen of Oxford, Ohio, faces danger in the 220-yard breaststroke.

The first National Collegiate Track and Field Championships were held June 17, 1921, at the University of Chicago's Stagg Field. Sixty-two colleges and universities were entered.

Name Players Missing In Azalea Open

By KEN ALTYA

WILMINGTON, N. C. (AP) — Name players were hard to find today as the 13th annual Azalea Open Golf Tournament got under way at the Cape Fear Country Club course.

With the tournament knocked down to a three-day, 54-hole affair carrying a modest \$12,000 purse, most of the leading golfers have elected to lay off over the holiday weekend or to go to Augusta, Ga., and tune up for next week's Master's.

Twelve major tournaments have been conducted by the PGA since January and not a winner is here. The field of 87 includes 20 amateurs, 20 Carolinas and Virginia club pros and 47 touring players. Three men loom as most likely to pick up the top check of \$1,200 Sunday.

The trio is made up of Jerry Barber, the little veteran from Los Angeles, Dow Finsterwald, 1958 PGA champion from Jupiter, Fla., and Dave Ragan, 1959 Eastern Open winner from Orlando, Fla.

Tom Nieporte of Bronxville, N.Y., is defending the title he won last year with a 277 for 72 holes over the par 72 course which measures 6,500 yards. He scored a par 72 in Thursday's \$2,500 amateur competition on a card that included 16 pars.

Huston Leclair of Birmingham, Ala., led the 45 pros with a five-under-par 67 to win top money of \$250. Bob Shave of Willoughby, Ohio, was a stroke back at 210.

Gengarella's Enters Powerful Squad In Tri-State Tourney

Alex's Joins Field; Event Set Monday

A strong Gengarella team is one of four entries that has shot the list for the 36th annual Tri-State tournament to 10 teams, with Sunday's deadline nearing.

The 1961 edition of the Tri-State tourney will get under way Monday at Memorial Auditorium. Action will continue Tuesday, then the tournament won't resume until April 10 and 11. The finals will be held on April 11.

Lou Gengarella of Midland, sponsor of the squad, is out to regain the Tri-State crown which he lost to Riverview Florists last year after winning the event three times in a row.

The same squad which will enter the East Liverpool tournament is fresh from capturing the Scottsdale, Pa., tourney.

The team is loaded with college talent from five different colleges. Heading the list is Lee Patrone, one of the mainstays on the West Virginia varsity the past two seasons.

Joining Patrone are a pair of Duquesne stars — Ned Twyman and big Bob Slobnik, the Dukies 6-foot-9 center. Gengarella has another 6-foot-9 performer in Willy Trough of St. Francis along with Joe Ashton, 6-foot-5, also of St. Francis.

Len Wilcox will give the Midland entry some scoring punch. As a junior a year ago he led the nation's small colleges in scoring. George Patterson, a 6-foot-7 performer for Coach Eddie Melvin's Toledo squad, also was named to the Mid-American Conference's first team.

Harp O'Toole, former West Virginia University cager, is listed on the squad. Gengarella's also have picked up East Liverpool's two standouts from last season—Kenny Miller and Kenny Cunningham.

Alex's Carry-Out is packed with some outstanding college talent, including Miles Wittchie and Joe Blaha, ex-West Liberty players, along with Paul James, former Potter and Baldwin-Wallace star, Dave Scott and Vern Sifte of Ohio University, Bill Thornberry and Gus Dauka of East Liverpool.

Speed Queen of Canton, listing former high school stars from Canton, has tossed its hat in the ring along with a team from Punxsutawney, Pa.

2 Deadlocked In College Golf Tourney

HOUSTON, Tex. (AP)—Home-Blancas of Houston and Downing Gray of Florida State moved into the third round of the 72-hole All-America Intercollegiate Golf Tournament today sharing a two-stroke lead.

Blancas, a Houston junior who was a strong pretournament favorite, scored a par 72 Thursday for a 36-hole 143 that permitted him to catch the surprising Gray, who remained one-under par despite a second round 75.

A four-under-par 68 for the 67-75-year-old Pine Forest Country Club course earned Gray a three-stroke lead after Wednesday's opening round.

Entering the third round two strokes off the pace were Dickie Doble of Texas A&M with a 72-73-145 and Chris Blocker of Texas Tech with a 71-74-145.

Joel Goldstrand of Houston headed a five-way tie at 146. Goldstrand was the only player to break par Thursday, posting a three-under 69 that enabled Houston to take the team medal lead at 597.

Houston also moved into the championship team match semifinals by defeating Texas A&M 5-1. North Texas defeated Florida 5-1 and Louisiana State defeated Alabama 4½-1½. Oklahoma State edged Florida State on medal scores, 302-306, while playing to a 3-3 tie.

Houston played Oklahoma State today and North Texas met Louisiana State.

North Texas State and Texas A&M shared second place in team medal play with 598. Next, in order, were Louisiana State 606, Oklahoma State and Florida State 607, Florida 612, New Mexico 616, Texas Tech and Wesleyan 632, Alabama and Baylor 626, Southern Methodist 629, Texas Wesleyan 632, Western Illinois 634, Stephen F. Austin (Texas) 644, Hardin-Simmons 650, Rice 651 and Yale 700.

EL Beagle Club Sets Trial This Weekend

The East Liverpool Beagle Club will hold its Eastern Ohio Qualifying Trial Saturday and Sunday at its running grounds near Glenmoor. The trial is a Class A sanctioned trial and trophies will be awarded to the winners in both the 13 and 15 inch classes.

Since 1951, catcher Clint Courtney has played with five American League clubs. Kansas City will be his sixth stop in the circuit this season.

MANAGER SOLLY HEMUS (right) of the St. Louis Cards gives pitcher Larry Jackson a helping hand with his liquid diet in the hospital Thursday at St. Petersburg, Fla. Jackson suffered a broken jaw when a fragment of a broken bat swung by Duke Snider of Los Angeles hit him during Monday's game. He is expected to be out of the hospital in four weeks. Wittenberg's Ray Mears To Coach Stars

CLEVELAND (AP)—Ray Mears, who coached the Wittenberg Tigers to the NCAA college division title, will coach this year's all-stars in three games against the Cleveland Pipers this weekend.

The teams clash in Buffalo tonight, in Akron Sunday afternoon at Public Hall here Sunday.

The Pipers won the nation's top amateur title—the AAU championship—last week.

The material Mears will have to work with is star-studded, including:

Tom Stith, All-America from St. Bonaventure; Larry Siegfried of Ohio State; John Tidwell of Michigan and Don Kojis of Marquette.

Walt Bellamy, Indiana University's great rebounding center, will play the first two games with the college seniors. He also will play in Cleveland Wednesday when the all-stars and the Harlem Globetrotters tangle at the Arena.

Rounding out the all-star squad are Whitney Martin of St. Bonaventure, Bob Pawlak of Toledo, Fred Sawyer of Louisville, and Tennessee State's Rossie (Shotgun) Johnson.

Socialite, 31, Falls

Or Leaps To Her Death

NEW YORK (AP)—Her Cragie McKay Schwartz, 31, socialite daughter of former polo star A. Charles Schwartz, fell or jumped to her death Thursday from the family's 14th floor Park Avenue apartment.

Police said she had been ill for some time.

Her father, an attorney, was one of the country's top polo players and turfmen in the 1920s. He was summoned home from California, where he was on a business trip.

Cleveland Trims Roster To 30; Tilt Rained Out

TUCSON, Ariz. (AP)—The Cleveland Indians have cut their roster to 30 by sending six players, including Dick Stigman, to their minor league training base at Daytona Beach, Fla.

The 25-year-old southpaw, a member of the American League All-Star team as a rookie last season, is suffering from a muscle tear in the elbow of his pitching arm. He'll be placed on the disabled list unless his arm improves by April 11, Opening Day.

The Indians announced Thursday that pitchers Sam McDowell, Mike Lee, Julius (Swampfire) Grant and Dave Tyrivier and catcher Lou Holdener are being sent to Daytona Beach for assignment.

The decision to send Stigman out was made after he struggled through a batting practice session when the Indians' game with the Chicago Cubs was rained out Thursday.

"He's going to Florida and run to keep his legs in shape," Manager Jimmie Dykes said of Stigman, counted on as one of the top relief hurlers for 1961. "We're going north next week and that cold weather isn't going to do him any good. He'll rejoin us in Cleveland for the home opener against Detroit on April 18."

The Indians are now two above the 28-player limit they can have during the first month of the season. The roster includes a dozen pitchers and Dykes may keep them all because of the uncertainty of his hurling corps.

Frank Funk, counted on as one of the bullpen specialists, is recovering from a sore arm. Possibilities for relief work are Russ Herman, Steve Hamilton, Don Schaeffer and Wynn Hawkins. The other hurlers are Jim Perry, Gary Bell, Johnny Antonelli, Jim Grant, Bob Locke, Barry Latman and Bob Allen.

Durocher And Paul

Silent About Meeting

ST. PETERSBURG, Fla. (AP)—Leo Durocher, who admittedly would like to be a major league baseball manager again, and Gabe Paul, who won't need a manager for his new Houston club until next year, have been talking together.

They won't say what their conversation was about.

After a 20-minute talk prior to Thursday's Los Angeles-St. Louis exhibition, both Durocher, now a Dodger coach, and Paul, general manager of the Houston National League club-to-be, called it "merely a friendly chat." Neither would say it concerned managerial possibilities for 1962.

Editor's Wife Dies

LOUISVILLE, Ky. (AP)—Mrs. Tom Wallace, 74, wife of the Editor emeritus of the Louisville Times and a member of a prominent Philadelphia family, died Thursday after a year's illness. Mrs. Wallace, the former Augusta French, in 1956 gave \$250,000 to establish a chair of conservation at the University of Louisville in honor of her husband, an internationally known conservationist.

Cards' Trade With Giants Beginning To Look Good; Broglio Goes Distance

By SHELDON SAKOWITZ
Associated Press Sports Writer

Three trades the St. Louis Cardinals made with the San Francisco Giants are starting to prove beneficial for the Red Birds with pitcher Ernie Broglio, first baseman Bill White and shortstop Daryl Spencer all figuring prominently in their 1961 National League pennant plans.

The trio starred in the Cards' 2-1 exhibition baseball victory over the Los Angeles Dodgers at St. Petersburg Thursday. Broglio, a 21-game winner last season, just about clinched the opening day assignment by becoming the first St. Louis pitcher to go nine innings this spring.

The big right-hander allowed four hits, struck out four and walked four. The lone run off him came on Duke Snider's fourth-inning homer.

White, who batted .283 and slammed 16 home runs in 1960, collected two of the Red Birds' six hits. Spencer broke up the game with a ninth inning home run off veteran Don Newcombe, who is attempting a comeback with his old team. The lanky infielder was the first batter to face Newcombe in the ninth. Newcombe, who relieved starter Larry Sherry, gave up three hits in his three-inning stint.

Elsewhere along the exhibition

trail Thursday: Minnesota edged the Chicago White Sox 4-3, New York nipped Detroit 5-4, Milwaukee trimmed Kansas City 8-2, Pittsburgh posted a 6-4 victory over Philadelphia, San Francisco turned back Boston 7-5, the Los Angeles Angels shaded Vancouver of the Pacific Coast League 3-2 and the Baltimore "B" squad edged Richmond of the International League 6-5. The game between the Chicago Cubs and Cleveland was canceled by wet grounds at Tucson.

Hal Naragon's three-run homer and Bob Allison's solo four-bagger triggered the Twins' conquest over the White Sox. Home

runs by Deron Johnson and Jesse Gonder were the key blasts in the Yanks' win at the expense of the Tigers.

Billy Martin batted in five runs with a homer and two singles in the Braves' success over the A's. Joe Adcock also homered for Milwaukee. Dick Schofield's two-run homer in the eighth provided the winning margin for the Pirates against the Phils.

Willie Mays and rookie Tom Haller produced homers in the Giants' win over the Red Sox. Jackie Jensen of Boston was forced to retire with a pulled muscle in his right leg. The injury was believed not serious.

Follow In Casey's Footsteps?

Houk Feels Yankees Can Take It All This Season

By JOE REICHLER
Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP)—Ralph Houk, the freshman manager of the New York Yankees, is not in an enviable spot although it might be argued that he has the most coveted field job in baseball. Even if he should win the flag in his first year, there's bound to be one critic who will say:

"So what? Casey Stengel won it five years in a row."

Of course, the big question is: Can the Yankees repeat? Houk did not attempt to dodge the query.

"I think we're good enough to win again," he said. "We've got the material and the desire. It won't be easy. It wasn't easy last

year, either. We've got a good front line squad and our young players have looked exceptionally well this spring. I see no reason why we won't be even better than we were last year."

His toughest job, Houk feels, is to fill out his 10-man pitching staff.

"Our pitching staff is better than lots of people think," he said. "We have six certain starters in Whitey Ford, Bob Turley, Art Ditmar, Ralph Terry, Jim Coates and Bill Stafford. The last is a kid who made a good impression after we brought him up from Richmond last August."

Houk is just about ready to end his experiment to convert Ryne Duren into a starter. Along with the bespectacled right-hander in

the bullpen, Houk will have Luis Arroyo, currently recovering from a hand fracture and southpaw Danny McDevitt.

The rest of the club measures up well. Mickey Mantle, the league's home run king, and Roger Maris, the RBI champion, are back in the outfield.

Hector Lopez, a good hitter but so-so fielder, will be backed up in left field by Yogi Berra when the latter isn't catching. Elston Howard will do most of the backstopping.

Moose Skowron, with his .309 batting average and 26 homers, will be back at first. Bobby Richardson, the world series hero; Tony Kubek, the steady man, and Clevis Boyer, the flashy glove man, will be at second, short and third, respectively.

In Scheffing's First Season

Infield, Catching Loom As Tigers Big Problems

By DAVE DILES
Associated Press Sports Writer

LAKELAND, Fla. (AP)—The Detroit Tigers may be shaking their "fat cats" reputation, but their new business-like approach to baseball may not be enough to lift them out of sixth place.

For Manager Bob Scheffing, the 1961 season will be one of trial, and he hopes, not too many errors. Veterans call this training camp the best organized and most spirited in years. But the former Chicago Cubs manager needs more than an improved attitude to pump new life into the Tigers.

For years the Tigers have been

rapped as the most contended group of second division player in baseball.

Scheffing is forced to attempt the latest rejuvenation with untied rookies. There are 20 players on the 36-man roster who were not listed on the Spring roster of 1960.

A winter trade brought center fielder Bill Bruton and Scheffing has moved Al Kaline back to his old right field spot and put slugger Rocky Colavito in left.

The manager came to camp with two major problems — his infield and the catching.

Dick Brown is the number one

catcher. At 26, he is trying for a regular job with his third team.

The manager says his infield "could be our most pleasant surprise or our biggest disappointment." The key figures are third baseman Steve Boros and second baseman Jake Wood, who have only seven years of minor league apprenticeship between them.

The best competition in camp is at first base where Larry Osborne, the American Association's triple-crown winner of 1960, is trying to unseat Norm Cash, who was the best hitter among Tiger regulars last year.

Pitching has been Detroit's strong suit in recent seasons and the Tigers have younger and stronger arms for second line pitching. Jim Bunning, Frank Lary, and Don Mossi form the nucleus for the staff.

Early outlook on the Tigers: pitching good, hitting fair, fielding adequate, bench stronger — with the chances for moving up from sixth place depending almost entirely on the performances the team gets from its young infield.

Cincy Shrugs Off Its Poor Citrus Record

TAMPA, Fla. (AP)—The hopes of Cincinnati Reds brass are no-wise dimmed by the club's dismal 6-15 Citrus League record.

Nobody expects the team that finished sixth in 1960 to come in first this year. But both General Manager Bill DeWitt and Manager Fred Hutchinson are sure the Reds will do better than last season.

"If everything goes right we'll be in the pennant race in the next year or so," DeWitt said before a brief trip back to Cincinnati.

"We're featuring youngsters this spring, especially in the pitching department, and remember young pitchers make mistakes that cost them ball games."

Hutchinson said he's had "five pleasant surprises in camp" this year. He listed them as pitchers Ken Hunt, Howie Nunn and John Flavin, second baseman Jim Baumer and catcher Jerry Zimmerman.

"Hunt's the finest kid pitcher I ever had in a spring training

camp," Hutchinson declared. "The kid has a wonderful arm and the poise of a 35-year-old. He may well turn out to be the find of the year in our league."

He said Hunt will start when the Reds face Los Angeles Saturday. Today the Reds play their Indianapolis farm club which still carries Hunt on its roster.

That won't be so for long, Hutchinson said.

DeWitt singled out Jim Maloney, Hunt, Nunn, Flavin, Chico Cardenas and Gordon Coleman.

"These are just a few who come to mind quickly, because they are with us now," DeWitt said.

The Reds did not play Thursday out of respect for the funeral of owner Powel Crosley Jr., who was buried in Cincinnati.

Cleveland Grid Clinic

Slated For Saturday

CLEVELAND (AP)—The Greater Cleveland Football Coaches Association will hold its annual spring clinic Saturday at St. Joseph High School. More than 300 high school and college coaches are expected.

The speakers are Tony Mason of Niles McKinley High School, Chuck Hofelich of Collinwood High and Jerry Burns, Iowa University's new head coach.

THE OTHER DAY

We got to talking about the Iron Age (1000 B.C.) as the dim beginning of the foundation upon which our complex civilization rests.

Bob Redmond

The trouble of course is that the Iron Age was the beginning of anything but "rest." Each century thereafter saw more and more unrest, and human upheaval kept pace with man's technological advances even if man didn't learn how to keep his society abreast of his industrial strides.

Now, there we go on a philosophical tangent, when what we really meant to get around to, is that if you trace things all the way back to very beginnings, the Iron Age was the dim beginning of the automobile, which is possibly one of the most beneficial and results that man can imagine. So the Iron Age brought us the Mobile Age, with all its blessings and all its complications.

Whether your automobile brings you difficulties in proportion to its complex mechanism depends upon the car dealer. If, first of all, you obtain your car from a reliable dealer, and then have it maintained and serviced by such a conscientious dealer, you will seldom realize how really complex a mechanism it is.

We strive with all our heart to be such a dealer. As one example, in the lingo of the business a poor car is often referred to as a "load of iron," and when we get such a "load of iron" we consign it back to its beginnings or we wholesale it. We will never sell one to you.

Somebody Is Paying For Free TV

A great many people still react to pay-TV about the same as they would to sex education for kindergartners. It is un-American and a violation of our open skies policy. It may even be anti-mother, to hear them tell it.

Hal Humphrey

These trusting souls seem to think there is a big Santa Claus up there in the sky, bringing them all of the goodies they watch on their TV screens. Actually, there is a price tag on these "free" TV programs which has been inflated to frightening proportions. Frightening because the more the cost of these TV shows increases, the more the quality decreases.

Imagine, for example, just one sponsor spending \$11 million on one network for one season. That was the figure announced recently when Liggett & Myers Tobacco Co. got sore at the ABC network for shuffling the time schedules of its shows and canceled the whole \$11 million worth of business.

TWO YEARS AGO, ABC did a lot of wheeling and dealing to lure that big L&M account away from NBC. That was when ABC was hungry and was called "the third network." Now ABC is so fat-cat it can turn its back deliberately on \$11 million worth of business.

Among other things, this also means you fans of ABC's "The Rebel" will have to watch it at 7 or 7:30 p.m. Sunday, instead of 9 p.m.

Liggett & Myers didn't want the show at that earlier hour, because it is still difficult to sell cigarettes to kids. But ABC had somebody else who wanted that 9 p.m. Sunday spot, and apparently it meant more business to give it to whom-ever it was.

THERE'S VERY LITTLE the viewer sitting at home can do about all of this maneuvering and scene-shifting going on at the networks for next season. One producer of an ABC show, which is ticketed for the scrap heap, has been haranguing TV columnists to get their readers to write to ABC protesting the imminent cancellation.

It isn't likely, however, that a few thousand letters are going to shake up a network which can afford to kiss off \$11 million in billings.

There is one way to shake up the networks and the sponsors, whose disdain for the public's taste and convenience has reached insulting proportions. Throw a little pay-TV at 'em.

Put the viewer in the position where his preference for programs is made immediately known by whether or not he puts a quarter in a slot.

Keep the "free" sponsored shows on, too, of course. But give the viewer the chance to buy his way out of the plethora of

crime and cowboy shows, if he wants to.

OPponents of pay-TV ask what is to prevent the pay-TV entrepreneurs from pandering to our taste for violence and senseless adventure shows? Obviously, the answer to that is that no one will pay for it while it is coming at them for free.

The FCC can formulate controls over the pay-TV systems to insure that the public is not going to be deprived of free TV or be berated with commercials on pay-TV.

The important things is to get pay-TV going as a competitor to the system we have now. There is no genuine competition among the three networks, because all three have essentially the same type of programming. Each is afraid to jump the traces and try something new, because the sponsors in turn are afraid to buy something new.

THIS INBREEDING finally has reached a point where the three networks really have no character of their own. How often does one hear a viewer say, "I prefer CBS because..." or "NBC is best because..."

Don't forget, either, that Liggett & Myers and the other big sponsors are not philanthropists. When they spend that \$11 million TV shows, they expect to get it back and they do, because their profit statements say they do. And the TV networks are all showing a profit, too.

It would seem that somebody already is paying for TV. Wonder who?

Peel Awaits Sentencing In Murder Case

FORT PIERCE, Fla. (AP) — Joseph A. Peel Jr., convicted of murdering a prominent judge, remained in jail today to await sentencing and word on whether he will be tried for the death of the victim's wife.

A Circuit Court jury ended Florida's most-publicized murder trial Thursday by convicting Peel, 37, of plotting the slaying of Judge C. E. Chillingworth. The verdict came after 5 hours 24 minutes of deliberation.

It was accompanied by a recommendation of mercy, making a sentence of life in prison mandatory, and saving Peel from the electric chair.

Defense counsel served notice of appeal. A hearing on the motion was tentatively set for April 26 before Circuit Court Judge D. C. Smith. Formal sentencing was set for the same day.

Peel was brought to trial March 6, several months after officers broke open the secret of the Chillingworth's disappearance.

Two witnesses at the trial testified that they kidnaped the judge and his wife, Marjorie, from their waterfront home near Palm Beach, June 15, 1955; took the couple about one mile off-shore in the Atlantic Ocean, weighted their bodies and pushed them out of a boat. Neither of the bodies has been found.

Floyd Holzapfel and Bobby Lincoln, former Negro leader of moonshining at West Palm Beach, testified they killed the Chillingworths at the request of Peel.

Holzapfel awaits sentencing for first degree murder after pleading guilty to participating in the slayings and waiving a jury trial. The state promised immunity to Lincoln.

Both Holzapfel and Lincoln testified that Peel wanted Chillingworth killed because of fear the judge would disclose Peel's position as a leader of a bolita (gambling) ring and a protection racket. Peel was city judge at West Palm beach at the time.

Traffic Deaths In Nation Lowest In Last 11 Years

CHICAGO (AP) — The nation's traffic deaths in the first two months of 1961 were the lowest for a comparable period in 11 years, says the National Safety Council.

The two-month toll of 4,970 was 5 per cent lower than the 5,250 fatalities on the highways in January and February last year and compared with the previous low of 4,719 for the first two months of 1950. Council officials said severe snowstorms in the east in January contributed to this year's low toll.

Traffic accidents killed 2,320 in February, 2 per cent lower than in February last year, and 2,650 in January. The council estimated 200,000 persons suffered disabling injuries in the first two months this year and said 468 of 728 cities reporting had no traffic deaths.

Lorain Man Is Elected By Foundry Workers

CLEVELAND (AP) — W. Baxter Lee of Grafton has been elected district representative of the 5,000-member International Molders and Foundry Workers Union.

The Lorain County man, 43, will take over supervision of the nine locals in Cuyahoga and Lorain counties where there are 30 foundry and molding companies. He succeeds Carl Shermak of North Ridgeville, who died in January.

Another Day In Hollywood

Comedian KO'd By Wife, Astaire Faces Tax Lien

HOLLYWOOD (AP) — The screen's classic stutterer, Roscoe Ates, came out second best in a scrap with his wife and Fred Astaire got socked with an income tax lien.

A divorce suit, an annulment and an action for damages rounded out the day for film folk Barry Sullivan, Gita Hall, Judi Meredith, Michael O'Shea and Rod La Rocque Thursday.

Police in Van Nuys booked Roscoe Ates on a drunk charge after neighbors complained that he and his bride were fighting.

Officers said Beatrice Ates, 27, who married the comedian three months ago, was unhurt. But Ates, 66, had a cut scalp, a scratch on his cheek and a bite on the arm.

Ates was released on \$21 bail, which he later forfeited.

Mrs. Ates told officers her husband slapped her.

Ates, recalling the scuffle, told a newsmen: "I w-w-walked into a w-w-w-wildcat."

The Internal Revenue Service said Fred Astaire owes \$6,449 more on his 1958 tax bill and filed a lien for that sum against the entertainer.

Swedish-born actress Gita Hall, who twice has filed for divorce against actor Barry Sullivan only to change her mind, is again seeking to end their stormy marriage.

Miss Hall, 27, asked Los Angeles Superior Court to revive suit No. 2 — filed last Nov. 23 — and set a date for trial. She charged cruelty and said that Sullivan, 48, often used profane language in her presence.

In Santa Monica, oil heir Robert Machris Westbrooke, 21, obtained an annulment from actress Judi Meredith, 24, on the ground their marriage was never consummated.

Under a settlement Miss Meredith will receive \$35,000, an automobile and a suite of bedroom furniture. They married in Las Vegas, Nev., last Dec. 11.

Actor Michael O'Shea asked \$56,500 damages for auto accident injuries. His car and another driven by Rod La Rocque, a silent era star, collided last year.

O'Shea's suit, filed in Los Angeles, claims La Rocque's car went through a stop signal.

Man, 83, Quits Post Given Him By Hoover

CINCINNATI (AP) — A Cincinnati businessman has resigned from a post to which he was appointed by Herbert Hoover when the former President was secretary of commerce.

Dwight Hickley, 83, resigned Thursday from the Central Committee on Lumber Standards after 38 years' service. He gave ill health as the reason.

Named To Sports Post

CINCINNATI (AP) — Richard E. Macke, 33, has been named assistant executive sports editor of the Cincinnati Enquirer. He assumes the position of the late Robert Husted, who died March 9.

First Cleared In Bribe Case

NEW PHILADELPHIA, Ohio (AP) — Paul J. Knisely is the first person acquitted of bribery charges stemming from Dover gambling operations. Three had been convicted.

The jury delivered its verdict on Knisely to Common Pleas Judge John H. Lamneck late Thursday.

Knisely, 52, alleged numbers kingpin, had been charged on six counts of bribing Dover Mayor Clifford C. Froelich to obtain gambling protection.

Ralph Ross of Canton, Knisely's attorney, had called the state's star witness, Nicholas Nigro, an habitual liar during his summation.

Nigro testified Knisely's payments began in 1957 and continued until 1959. He said Knisely paid from \$75 to \$100 a month.

Earlier this month Knisely was tried on bribery charges but the jury was unable to reach a verdict.

Convicted earlier were George Markos, Joseph Adelstein and Red Bergquist. Mayor Froelich is to be tried next on charges of accepting bribes. Frank Duda, alleged employee of Markos, also is awaiting trial.

Court officials have not set a definite date for Mayor Froelich's trial.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Every morning at 6:15 a neighbor who is employed at the same plant where my husband works drops by to give him a ride. The plant is five blocks from our home. The neighbor's timing is perfect. He shows up the very moment we sit down to breakfast, so of course we invite him to join us.

He always says, "Just coffee, please" and then winds up having everything in sight.

I'm sick of feeding this character breakfast. It's been more than three years now and I'd love to have a little privacy. This man has a healthy wife but he "hates" to bother her so early in the morning.

My husband says I shouldn't complain because the fellow DOES give him a ride every morning and it's handy. He calls it a "50-50 deal." Your opinion, please.—DAWN HOSTESS.

Dear Dawn: Some 50-50 deals are like that old joke about Hungarian chicken salad—one chicken and one horse.

Announce to your husband that next week the short-order shingle comes off the house and he should start to walk to work.

Spring Advent Brings Boost In Building

First signs of a spring resurgence in the building trades were shown in East Liverpool in March, when Mayor Bert H. Goodballet's office issued eight permits for new construction and remodeling estimated to cost a total of \$17,000.

The estimated cost of the March starts is up \$15,200 from the \$1,800 shown in February. Eight tear-down permits also were issued last month.

Two major projects accounted for the bulk of the March total. A permit was issued for a remodeling project at Varian's Bakery, 109 E. 6th St., estimated to cost \$3,000. The Harvey White Construction Co. obtained authorization to erect a one-story house on Riley Ave. at an estimated cost of \$8,000.

Other permits this month, the persons to whom they were issued, the work authorized and the estimated cost of each job:

Charles Ankrom, to erect a house at 916 Alton St., performing the work himself, \$2,500.

Wilmer Hazelet, to add a room to a building at 1825 Ohio Ave., \$700.

Victor Dorrell, to remodel the basement of a home at 810 Cadmus St., \$600.

Mrs. Carrie Merrill, to remodel a house on Dresden Ave. Ext. and then move it forward on the same lot, \$1,500.

William Mumaw, to remodel a home at 308 Ridgeway Ave., \$600.

Frank Guy, to build a concrete walk at 1354 Sunnyside Ave., \$100.

George H. Anderson obtained permits to tear down two pieces of residential property owned by the First Methodist Church at 209 W. 4th St. and 210 W. Drury Ln. The sites will be converted to a parking lot.

Al Gleockner obtained permits to tear down buildings at 227 Walnut St., 231 Walnut St. and 412 E. 3rd St. He already has obtained a permit for erection of a new service station on the tract.

Mrs. Merrill also obtained permits to tear down two buildings on Dresden Ave. Ext. — part of the right-of-way for the West End-California Hollow Freeway.

Christy Demolition Co. received a permit to tear down a building at 604 W. 8th St.

Regular Time Needed For Homework

Most public schools assign little or no homework before the third or fourth grade. If your school child has none earlier, I hope you read to him some every night and encourage, even require, him to read regularly as soon as he is able, for half an hour or so daily, especially from interesting sources.

Dr. Garry Meyers would be wonderful for him to read to a younger brother or sister, too. See that he's indoors and home on evenings before school and that his viewing of TV is reasonably limited and that he avoids programs of violence.

IF, FOR THE first several years in school, your child spends hours every evening before the TV set or runs around outdoors long after dark, he has poor training for doing homework well when it begins.

When homework does begin, be sure you guide him in good habits of going at it faithfully on time and regularly. Post a schedule for the period when he shall do it regularly. Be home on nights enough to make sure he goes at it and works faithfully.

It's so important for him to practice in good habits of homework that you can afford to make some sacrifices.

Agreement Ends Chinaware Strike

An agreement has been reached ending a 15-week strike of IBOP Local 165 against the Technical Porcelain Co. of El Cerrito, Calif., the union's international headquarters announced today.

The IBOP said it has not received full details on the new contract, which ended a strike against the chinaware firm that began Dec. 19. William Rail of Huntington Park, Calif., 10th vice president, headed the IBOP bargaining committee.

Meanwhile, the IBOP has been certified a second time as the bargaining agent for employees of Slidell Brick & Tile, Inc., of Slidell, La.

The IBOP originally was certified in November 1959 after it organized the plant and an election on a bargaining agent was conducted by the NLRB. Local Union 208 was organized to represent the workers. It signed a contract with the firm.

When the contract expired, the concern sought to decertify the IBOP as bargaining agent and the NLRB conducted another election in which the employees voted in favor of the potters' union, the IBOP announced.

Always the heart of our business

Why do most drugstores sell everything from breakfast to dance wax . . . ? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however, continues to be the heart of our business and we are always pleased to assist you when medication is needed.

Swing Fall Injures Youth

A Thompson Ave. youth, hurt in a fall from a rope swing, is in "good" condition today at City Hospital. Six area youngsters and adults were treated Thursday after separate mishaps.

Steve Hanjotes, 13, son of Mr. and Mrs. Michael Hanjotes, 211 Thompson Ave., suffered double fractures of the right wrist in the fall from a neighborhood rope swing. An eighth grader at Westgate School, he was playing with some other boys.

Kenneth Dotson, 22, of 524 Market St. suffered injuries of the ribs and shoulder while lifting a bundle of paper at work at the National Church Supply Co. of Chester.

Ellis Hupp, 58, of Monaca was treated for a laceration of a finger while at work as a crane operator at a river terminal at Wellsville.

Struck by a rock thrown by another student, William Cox, 9, son of Mr. and Mrs. Albert Cox of Ruth St., received a head injury.

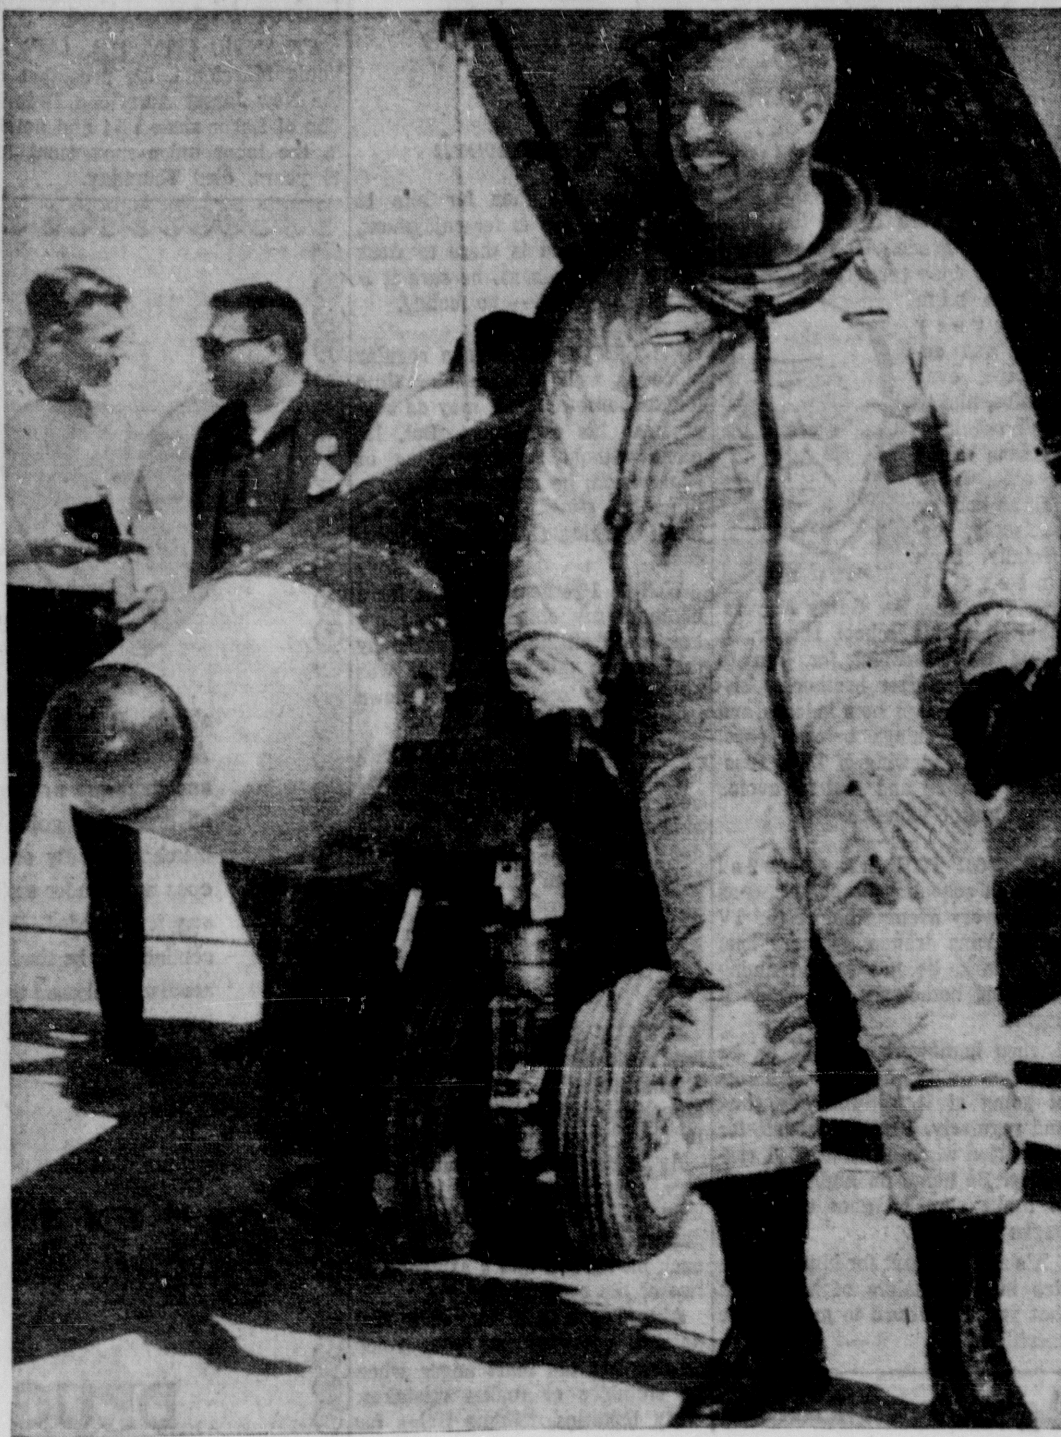

Miss Helen Stevenson, 79, of 1011 Riverside Ave., Wellsville, suffered small lacerations of the nose and lip in a fall on the sidewalk at Wellsville.

Deborah Allison, 4, daughter of Mr. and Mrs. Peter Allison, 728 Lincoln Ave., received scalds of the hand when hot cereal spilled on her.

Mrs. Patricia Ingram, 38, of Pittsburgh suffered a fracture of a finger when caught in a car door.

AFTER RECORD FLIGHT. Test pilot Joseph A. Walker is shown standing beside his X15 rocket plane after he flew to a record breaking altitude of 165,000 feet Thursday over Edwards Air Force Base, Calif. (UPI Telephoto)

X15 Pilot Rides Rocket Ship Record 31 Miles Up

EDWARDS AIR FORCE BASE, Calif. (AP) — Joe Walker, X15 pilot who rode the rocket ship higher than man has ever flown before, describes the sensation 31 miles up this way:

"You feel like you're beginning to get out there where some day you'll see both sides of the old ball."

Too much cloud cover hampered Walker's view on Thursday's record flight, but it was still a thrill.

"I'm almost positive," he said, "that I could see all of the California coastline and portions of the Baja California (Mexico) coast."

Walker achieved the peak altitude of 165,000 feet with the X15's powerful new engine at three-quarter throttle. An X15 with a smaller engine set the old record of 136,500 feet last year.

A series of mishaps caused Walker some anxious moments. First, he lost his cabin pressure seven minutes before the rocket ship was due to be dropped from the wing of the B52 mother ship.

Then the rocket engine stalled and it was several seconds before Walker was able to get it started again.

"It felt like five hours," he said. On the way down he ran into

mysterious buffeting at about 80,000 feet.

"I've never experienced anything like it," the pilot said. The craft stopped vibrating after a short period, and Walker glided in for a landing without further incident.

His top speed was mach 3.9, or 2,590 miles per hour and the X15's fuel burned for only 79 seconds. The entire flight lasted 10 minutes.

At the top of his arc, Walker was weightless for two minutes—twice as long as man had previously experienced.

Walker, strapped to his seat, still felt unsupported. "You feel like you're falling through the air," he said. "But there was no problem. I could handle the ship the way I was supposed to."

An X15 is expected eventually to reach an altitude of 100 miles and speeds up to 4,000 m.p.h.

Fellowship Plans To Wash Cars In Drive For Funds

The Senior High Westminster Fellowship of the Emmanuel Presbyterian Church will hold a public car wash Saturday from 9 a.m. to 5 p.m. at the former Valley Motor Transit Co. bus barn on Pennsylvania Ave.

It's the third such fund-raising project staged by the group, comprised of students in the 10th through the 12th grades of high school. Approximately \$60 was cleared in the two earlier projects. No specific charge will be made Saturday, but donations will be accepted, Dave Marshall, president said. Police cruisers will be washed as a special service, he announced.

Marshall said proceeds will be used for a camp retreat the fellowship will attend in July at Cook's Forest in Pennsylvania.

Paul Burrows is fellowship adviser.

Farmer Returns \$1,100 He Found

LANCASTER, Pa. (AP) — A Mennonite farmer has changed his mind again and returned \$1,100 he found in a box of trinkets he bought for 10 cents at a public sale.

Ben Zimmerman made the purchase last Saturday. He at first said he was going to return the money to the executors of the estate of Ira Stover, who conducted the public sale.

Then Wednesday he said he had changed his mind and was going to keep the money because he had learned Stover had no close heirs.

Thursday he changed his mind again and returned the money because, he said, he didn't feel right about keeping it.

Zimmerman received \$55 from the estate's administrators. This amount was their normal five per cent commission.

Judgement Entered

CINCINNATI (AP) — A default judgment of \$100,000 against John J. Ruf, bookkeeper implicated in the \$3 million Leslie D. Stickler fraud case, was entered in Hamilton County Common Pleas Court Thursday. Ruf failed to appear in court to answer charges that he took the money from 25 holders of cognovit notes and turned it over to Stickler, who was supposed to invest it.

Indicted In Kidnaping

CINCINNATI (AP)—Charles I. Watters, 29, of suburban Price Hill was indicted Thursday on a charge of kidnaping. He is accused of forcing his way into the car of Miss Peggy Kolks, 22, White Oak, and threatening her with a knife last Feb. 8.

Cub Uniforms Are Inspected.

Uniform inspection highlighted the meeting of Cub Pack 20 of Wellsville Tuesday night in the social rooms of the Covenant Presbyterian Church.

Norman Brown, neighborhood commissioner, and Dave Burrows of Troop 19 of Wellsville conducted the inspection, which was rated almost 100 per cent.

Cubs presented sketches pertaining to railroads, emphasizing the month's theme, "Railroading."

Webelos awards, the highest in Cub Scouting, were presented Robert Campbell, David Nixon and Richard Rose. Mike Reed and Richard Rose received the Webelos Diamond-W.

Other awards presented by Robert Seigler, assistant cub master, were: Arthur DuMoulin and David Simms, wolf; Bruce Wellington, bear and Charles Brown, lion.

Receiving arrow points for their prospective rank were Arthur DuMoulin, gold for wolf; Bruce Wellington, two silver for wolf and a gold for bear; Charles Brown, gold and silver for lion; Jim Grills, silver for wolf, and Richard Whitman, silver for bear.

Den mothers' pins were presented Mrs. Chauncey Whiteman, Mrs. Richard Grills and Mrs. John Bobalik.

Weeks Of Work Seen To Untangle 30-Year Puzzle

CHARLESTON, W. Va. (AP) — It will take weeks of work to untangle the some 30-year accumulation of uncashed checks, money orders and cold cash found in his office, State Auditor Denzil Gainer estimated today.

"I thought maybe I'd find some loose ends to pick up — but nothing like this," Gainer said.

Equally mystified was former Auditor Litz McGuire, who said he "had no inkling" of the pileup of money in drawers, files and the department vault. An estimated \$33,000 of the find was in cash.

McGuire served as auditor for seven months, filling in the gap between the death last June of veteran Auditor Edgar B. Sims and the date Gainer took office Jan. 16.

McGuire said that while he was in office, he made very few changes in personnel that had served under Sims. "As far as I could tell, they were all doing a good job," he said.

Buildings Demolished For Church Parking

A new parking lot on W. 4th St. for members of the First Methodist Church will be opened when demolition of two homes and black-topping of the area are completed.

The 60-x-130-foot lot runs from W. 4th St. to W. Drury Ln. at the rear of the church. It will accommodate some 24 autos.

Tentative plans call for the lot to be used by church members at night and on Sundays. The church hopes to lease the ground to a company or a parking operator for auto parking until 4 p.m. on weekdays, Robert E. Boyce, chairman of the church finance committee, said.

The homes are being demolished by George Anderson. They were purchased from the G. Burgess Cunningham estate.

West Virginia's Income Tax Bite Starts Saturday

CHARLESTON, W. Va. (AP)—The state starts taking its bite out of your paycheck Saturday.

April 1 is the date for the start of withholding of the new personal income tax from wages.

As a result, you'll get 8 per cent less of what you normally receive when pay day rolls around.

Employers will withhold 8 per cent of what you pay the federal government in income taxes on this year's income.

Beginning next Jan. 1 the cut is supposed to drop to 6 per cent. The 1961 Legislature set the tax rate at 6 per cent of the federal tax, but the 8 per cent deduction was decided upon to make up for the first three months of this year. The tax was made effective as of last Jan. 1.

The next tax is expected to bring the state about \$15 million a year.

How Can I?

By ANNE ASHLEY

Q. How can I remedy some of our doors which drag or scrape on the floor?

A. Tighten the screws that hold the hinges in place. If they refuse to tighten, fill the screw holes with plastic wood and try again when dry. Of course, if loose hinge-fasteners aren't the answer, you may have to remove the door and plane down the bottom edge.

Q. How can I clean stained kid shoes?

A. Regular cleaning fluid will usually do a good job, but if none is at hand you can use ordinary cuticle remover. Moisten a cloth with it and rub over the spots, which will disappear quickly.

Q. How can I remove rust from a sewing needle or pin?

A. By pressing it, tip first, into a piece of soap. The soap removes the rust and sterilizes the needle.

Q. How can I make a better job of popping corn?

A. Try sprinkling the kernels of your popcorn lightly with some warm water an hour or two before popping it. Regardless of the popping method you use, this will reduce the number of unpopped kernels and will improve the flavor of the finished product.

Q. How can I remove stains from white-enameled furniture?

A. Put a small piece of potash in a kettle of clear water, letting it stand for five and ten minutes; then wash the furniture with this solution and soap.

Q. How can I give an added flavor to chocolate?

A. By using a small quantity of cinnamon a delicious flavor can be added.

Q. How can I remove some tobacco juice stains from my husband's white shirt?

A. Lubricate the stains with glycerin, then soak the article or stained area in a solution of detergent and warm water. Bleaching may be necessary — chlorine bleach for cottons and synthetics, hydrogen peroxide for silks and wools. Tobacco's tannin content makes it a difficult stain to eradicate.

2 Killed, 4 Missing As Plane Disintegrates

LEXINGTON, N. C. (AP) — An \$8-million dollar B-32 jet bomber failed in an aerial refueling rendezvous and apparently disintegrated in flight near here Thursday night.

Two of the eight-man crew parachuted safely, two were killed and four are missing.

The big ship developed trouble during a rendezvous with a tanker plane at more than 30,000 feet.

The crew members who parachuted safely are Maj. W. F. Minnich, 40, of Des Plaines, Ill., and 1st Lt. G. C. Farnham, 26, of Loveland, Colo.

The Air Force said the big, jet bomber, based at Dow Air Force Base, Maine, was not carrying any nuclear devices.

An explosion apparently occurred while the plane was still in the air.

6 Teen-Agers Detained In Roving Fight

Six district teen-age boys were being held in detention today — one in City Hospital — in connection with a roving fight involving a 15-year-old girl which began in East Liverpool and ended in Chester Thursday night.

Robert Barton, 19, of Dresden Ave. Ext. is in "fair" condition at City Hospital today with injuries suffered in the scuffling.

Herbert Virgil Melott, 18, of 425 Gaston Pl. and four juvenile boys — three from East Liverpool and one from Shippingport — are being held at the Hancock County Jail at New Cumberland pending further investigation. The juveniles range from 15 to 17.

Chester police said the fight broke out at Heimie's magazine store in East Liverpool where East Liverpool police broke it up. The group then went to the Bus Terminal for some additional battling, then agreed to go to Chester.

After walking over the Chester Bridge, the group again began fighting behind the Goddard's Bakers, Inc., plant along Virginia Ave. Chester police were notified about 6:50 p.m. and took the youths into custody. The parents of the girl were notified.

Barton said the girl kicked him. Melott told police "trouble had been brewing for some time."

The youths face charges of public fighting and Hancock County Deputy Sheriff Edward Frankovich, acting juvenile officer, is investigating.

Frankovich was called to Chester late in the evening after an East Liverpool boy and a Chester boy were taken into custody for fighting on the sidewalk in front of the City Hall about 9:45 p.m.

Police said the pair, both 16, got into the fight stemming from an argument at a public dance at the City Hall auditorium. Frankovich reprimanded the pair and released them.

Lisbon Speeder Fined

LISBON — Jacob J. Marshalek, 18, of R. D. 4 was fined \$10 and costs Thursday by County Judge James L. MacDonald on a State Highway Patrol charge of speeding. James E. Hayes, 34, of Chester forfeited a \$15 appearance bond on a similar charge.

Beef-Potato Puff Is Quick Easy-Do Dinner

Sometimes there just aren't enough hours in the day to get everything done and spend a lot of time in the kitchen, too. Here's a main course suggestion that solves the time problem for you and is truly delicious besides — beef-potato puff.

You can fix it in about twenty minutes because it utilizes a wonderful convenient product, instant whipped potato flakes. No need to peel, boil and mash potatoes for this recipe. Simply add milk, butter and the 'flavor flakes' to boiling salted water and whip.

1/4 cup butter
1 pound ground chuck

1 teaspoon salt
1/2 teaspoon pepper
1/4 teaspoon garlic salt
1/2 cup finely chopped onion
1 1/2 cups water
1 1/2 teaspoons salt
1 teaspoon butter
1/2 cup cold milk
4 servings of Instant Whipped Potato Flakes
1/4 cup finely chopped parsley
2 eggs separated
2 tablespoons butter
1 hard-boiled egg, sliced (optional)
Melt butter in large skillet; add ground chuck, salt, pepper, gar-

lic salt and onion; saute until meat is completely browned and crumbled. Remove from skillet and set aside. Clean out skillet carefully with paper towel.

Prepare 4 servings of instant whipped potato flakes according to directions on box. Add finely chopped parsley to the potatoes; blend well. Beat egg whites until soft peaks form; fold into potatoes. Melt the 2 tablespoons butter in same skillet; saute potatoes until lightly browned. Spread browned meat on potatoes. Garnish with sliced hard-boiled egg, if desired. Serve in wedge-shaped servings. (Make 4 servings).

County Buys Road Paint

LISBON — Columbiana County commissioners accepted low bids for 3,920 gallons of paint for county road center lining and for guard-rails when offers were opened Thursday at the Courthouse.

Some 3,000 gallons of white center line paint will be supplied by Tricon Distributors of Cincinnati at \$1.73 per gallon. Nine other bids ranged as high as \$2.69. An order for 700 gallons of yellow traffic paint went to the same company at \$1.87 per gallon. The other bidders ranged up to \$2.79.

Some 200 gallons of white paint for wood and metal was ordered from the Glidden Co. of Cleveland at \$2.60 per gallon. Eight other bids went as high as \$6.22.

Black paint for wood and metal, an order of 20 gallons, will be supplied by Stewart Bros. of Alliance at \$2.03. High bid was \$5.21.

Samples of the lowest bidders' paints will be checked to see that they come up to specification before final awards are made, Walter Hunston, president of the board, said.

Auxiliary Plans Card Party At Shippingport

Plans for a public card party April 13 were made at a meeting of the auxiliary of the Shippingport volunteer fire company Monday evening.

Mrs. and Mrs. Paul Shaffer and Mrs. Barbara Shaffer and son of Mardockville visited Mr. and Mrs. James Russell and children Sunday.

Lisbon Plans Annual Haul Of Trash Monday

LISBON — The annual spring cleanup will begin Monday in the residential sections. Only cans will be picked up beginning Monday, trash and ashes will be collected after homeowners cease using their heating units, Street Commissioner Dick Roberts said.

Named To GE Post

CINCINNATI (AP) — Neil E. Firestone was named general manager of General Electric's Flight Propulsion Division at Evendale Thursday. Firestone was former manager of the company's jet engine department.

Greenisen Quits Fair Board Under State Mandate

LISBON — County Commissioner Galen Greenisen of Salem R. D. 3 resigned Thursday night from his posts as vice president and director of the Columbiana County Agriculture Society, complying with a ruling that his service on the Fair Board is incompatible with his commissioner's position.

William Maple of Kensington, president of the society which sponsors the County Fair, said Greenisen's successor will be named later. The board will meet again April 17.

Greenisen, Republican, had been a member of the board since

1947, having served as president several terms.

The board was advised earlier this month by Robert T. Terhune, state director of agriculture, that an attorney general's ruling holds that a commissioner can not hold a post as officer with an agriculture society.

County Commissioner Frank Wilson of Wellsville, Democrat, had brought the issue to a head, and had criticized Greenisen's holding the two posts.

The board made him an honorary member in recognition of his faithful service over the past years.

The Revolutionary War, which lasted 80 months, has been the longest-lasting war in which the United States has engaged.
